

**CITY OF FORT SMITH SUPPLEMENTAL SPECIFICATION  
FENCES AND GATES**

**SECTION 907** of the Standard Specifications for Public Works Construction, February 2008 Edition, is hereby amended as follows:

**907.04 CONSTRUCTION.**

Delete Item F. TEMPORARY FENCING., and replace with the following:

TEMPORARY FENCING AND GATES. Temporary fencing and gates shall be installed at locations where existing fences and gates must be removed to complete the work shown on the plans. They shall provide the same degree of security from intrusion and the same degree of protection for pets as the existing fence and gates.

Temporary fencing and gates shall be installed prior to removal of the existing fence and gates, and they shall consist of chain link of at least the same height as the existing fence. Temporary gates shall be installed in locations closely approximating the locations of existing gates. Temporary fencing and gates shall be maintained for the duration of the project, and shall only be removed after new permanent fencing and gates have been installed. All materials, labor, equipment, tools, and incidentals necessary for the placement and removal of temporary fences and gates shall be incidental to the other fencing items in the contract.
