INTRODUCTORY SECTION

DEPARTMENT OF FINANCE

Kara Bushkuhl, CPFO

Director of Finance

To the Honorable Mayor, Members of the Board of Directors, and Citizens of the City of Fort Smith:

Arkansas law allows cities to choose to publish a complete set of financial statements presented in conformity with accounting principles generally accepted in the United States of America (GAAP) and audited in accordance with generally accepted auditing standards by a firm of licensed certified public accountants. The City has exercised this option. Accordingly, we hereby issue the comprehensive annual financial report (CAFR) of the City of Fort Smith for the fiscal year ended December 31, 2014.

This report consists of management's representations concerning the finances of the City. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, City management has established a comprehensive internal control framework that is designed both to protect the City's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the City's financial statements in conformity with GAAP. Because the cost of controls should not outweigh their benefits, the City's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, that this financial report is complete and reliable in all material aspects.

The City's financial statements have been audited by **BKD, LLP**, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the City's financial statements for the fiscal year ended December 31, 2014 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. **BKD, LLP** concluded, based upon the audit, that there was a reasonable basis for rendering unmodified ("clean") opinions on the financial statements of the governmental activities, business-type activities, fiduciary fund, aggregate discretely presented component units, each major fund and aggregate remaining fund information that collectively comprise the City's

basic financial statements as of and for the fiscal year ended December 31, 2014. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the City's financial statements was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports have been issued separately.

GAAP require that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The City's MD&A can be found immediately following the independent auditor's report in the financial section of this document.

Profile of the City

Fort Smith is located in western Arkansas on the border of Oklahoma and is the second largest city in the state. The City was incorporated in 1842 and is the county seat for Sebastian County. Fort Smith is 159 miles west of Little Rock and 145 miles southeast of Tulsa, Oklahoma. The City serves as the central focus for a six-county economic and trade region in the west central area of Arkansas and the east central area of Oklahoma. The City encompasses 68 square miles and has a population approximating 87,215. The City is empowered by state statutes to levy real and personal property taxes within its limits and extend the corporate limit by annexation, which occurs periodically when deemed appropriate by the Board of Directors. State statutes also allow the City to levy local sales and use taxes.

Since 1967, the City has operated as a City Administrator form of government. The Mayor and the Board of Directors are elected to staggered, four-year terms. The Mayor and three directors are elected at large and the remaining four directors are elected in representative wards of the City. The Board of Directors is charged with setting policy and enacting laws for the City. The City Administrator is appointed by the Board of Directors and serves as the chief executive officer for the City.

The City provides a full range of services including public safety, construction and maintenance of streets and other infrastructure, parks and recreational activities, water and sewer services, solid waste collection and disposal, public transportation, and administrative services. The City also reports the financial activity for the Advertising and Promotion Commission, the Fort Smith Public Library, the Parking Authority, and the Fort Smith Airport Commission. These four entities are included in the financial statements as discretely presented component units. Additional information on these component units may be found in Note 1 in the notes to the basic financial statements.

The Board of Directors adopts an annual budget that serves as the City's financial planning document. Control over spending and allocation of resources are a main focus of the budget. The annual budget process begins in June of each year and is usually adopted each December. Appropriation requests by fund, division and department are submitted to the City Administrator and the Director of Finance. Resources are allocated based upon priorities established by the Board of Directors. The legal level of budgetary control is the departmental level. For example, the Police Department is reported as a Public Safety (division) expenditure in the General Fund budget to actual statement located in the required supplementary information in the financial section of this report. The City Administrator is authorized to transfer appropriated amounts within individual funds. However, additional appropriations during the year require approval by the Board of Directors.

Factors Affecting Financial Condition

The information presented in the financial statements may be better understood when considered from a broader perspective of the environment within which Fort Smith's municipal government operates.

Local Economy. Total sales tax revenue in 2014 increased 2.8% over 2013 revenue. This was compared to a 0.4% decline in 2013 from 2012. The last two months sales tax revenue in 2014 was 8.5% above the same period in 2013. The local economy looks to be in rebound mode.

A Fortune Top 400 transportation and logistics company, ArcBest, formerly Arkansas Best Corporation, is headquartered in Fort Smith. Planters, a division of Kraft Foods, Gerber, and a number of other major companies have longstanding and growing interests in the region.

Baldor Electric Company, a member of the ABB Group, is a leading manufacturer of industrial electric motors and mechanical power transmission products and is headquartered in Fort Smith, Arkansas.

The City has seen significant industrial and residential development. Umarex USA, a manufacturer of air rifles and small caliber firearms, opened its 117,000 square foot manufacturing and distribution center at Chaffee Crossing in 2010, initially employing 60 persons. In November 2012, Umarex announced that it would be sharing its facility with the US operation of Walther Arms Inc., and that the two companies would invest \$7 million to expand manufacturing operations over the next five years and add 70 to 120 jobs in that time. The facility at Chaffee Crossing serves as both Walther and Umarex's corporate headquarters in North America.

In September 2013, approximately 96,000 square feet of a former exhibition hall/rental center was redeveloped into what is known today as the Fort Smith Shared Services Center (SSC). Since then, the SSC has grown from more than 350 jobs in the local

economy to over 500 at the end of 2014. The SSC today provides business office services to more than 30 hospitals affiliated with Community Health Systems in eight states.

Also in September 2013, Thermold Magazines, which makes magazines for firearms and weapons products, announced that it would move its U.S. headquarters to the City from North Carolina. Thermold will share facilities with River Bend Industries, a custom plastics manufacturer who makes product for Thermold. Together, the two companies will add 65 new jobs and invest more than \$7 million in the facility.

Phoenix Metals built a new facility at Chaffee Crossing adding 40 new jobs with a \$12 million investment in a metal processing center and warehouse, and Mars Petcare announced a \$50 million expansion of its pet food plant that will provide for 40 additional jobs.

In early 2014, it was announced that the Arkansas College of Osteopathic Medicine would be established at Chaffee Crossing in Fort Smith. The college anticipates its first class of medical students enrolling in fall 2016, and anticipates graduating 150 doctors of osteopathy annually beginning in 2020.

In May 2014, ArcBest Corporation, formerly Arkansas Best Corporation, announced that they are constructing a new corporate headquarters at Chaffee Crossing in Fort Smith that will be a \$30 million investment. They anticipate adding 975 new jobs to the local economy over the next seven years.

The City has seen large and small commercial developments continue in the City. Restaurant chains such as Five Guys Burgers & Fries, McAlister's Deli, Jimmy Johns, Taco Bueno, Buffalo Wild Wings and Texas Roadhouse have recently opened in the City. In 2014, Burlington Coat Factory announced plans to locate a store in Fort Smith during 2016.

The Arkansas Air National Guard 188th Fighter Wing learned in 2013 that it would receive a new mission and convert from the manned A-10 aircraft to a remotely piloted aircraft, targeting and intelligence unit. The 123rd Intelligence Squadron will be relocating from Little Rock to the City. The 188th will be the only organization in the world with RPA, intelligence and targeting at a combined facility, and all elements of the new missions should be fully operational out of the City by 2018 or 2019. This change preserves the 1,000 full and part-time jobs associated with the 188th with a mission that is sustainable for the long term as part of the modern Air Force.

In 2013, Propak Logistics announced that it would invest \$2 million to purchase and remodel an unused historic building in downtown Fort Smith as its corporate headquarters, helping to further the revitalization of the downtown district. The 24,000 square feet of the building on three floors would be used as a mixture of corporate office space and retail. This project, coupled with streetscape projects and other private investment in office, residential, and commercial redevelopment, is representative of the

successful resurgence of the downtown area.

Chaffee Crossing and other areas of the City continue to see robust residential development. There are currently more than 800 residential lots at various stages of development in the City. An additional 300 acres of property for residential development were annexed into the City in 2011. The City's utility infrastructure planning has encouraged these developments.

The Fort Smith Regional Chamber of Commerce has organized a regional economic development organization which will include areas of western Arkansas and eastern Oklahoma up to 30 miles from the City. The regional approach will enhance relationships with the two states' economic development agencies, and will offer prospects more choices for potential locations.

Long-Term Financial Planning. In 1985, the City began collecting a one-percent (1%) local sales and use tax to fund its neighborhood and major street improvements. This sales tax is authorized through 2015. A referendum to extend the tax through 2025 was approved on May 12, 2015.

The City also levies an additional one-percent (1%) local sales and use tax which is pledged to redeem bonds issued for large construction projects as well as provide operating resources for the fire and parks departments. The current 2012 Sales and Use Tax Bonds fund an aquatics park in conjunction with Sebastian County that opened in May 2015; a new fire station, existing station upgrades and improvements, and apparatus additions and replacements; wastewater improvements; and water improvements. The 2014 Sales and Use Tax Bonds fund additional water and wastewater improvements. This has proven to be a very effective way to fund projects and the City saves on interest charges because Arkansas sales tax bond issues have mandatory redemption requirements. Three-fourths of the existing 1% local sales tax supports the redemption of the 2012 and 2014 bonds. The remaining ¼% of the tax assessment is used to provide operating and capital costs for the fire department and the parks department.

The City's comprehensive plan includes development and planning in and around Fort Smith. Local developers of planned residential areas outside the City limits continue to request City services. This may provide for future annexation that would increase the City's tax base. The comprehensive plan was updated at the end of 2014.

At the end of 2014, the City entered into a consent decree with the Department of Justice regarding wet weather sewer rehabilitation and improvements. In May 2015, the Board of Directors approved multi-year sewer rate increases to provide for some of the required projects and upgrades to the sewer system.

Other Information

Awards. The Government Finance Officers Association (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the City for its comprehensive

annual financial report (CAFR) for the fiscal year ended December 31, 2013. The Certificate of Achievement is the highest form of recognition for excellence in local government financial reporting. This was the twenty-ninth consecutive year that the City has received this prestigious award. In order to be awarded a Certificate of Achievement, the City published an easily readable and efficiently organized CAFR. This report satisfied both GAAP and applicable legal requirements.

A Certificate of Achievement is valid for one year only. We believe that our current CAFR continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

In addition, the City also received the GFOA Award for Distinguished Budget Presentation for its annual budget dated January 1, 2014. This was the twenty-sixth consecutive year that the City has received this award. In order to qualify for the Distinguished Budget Presentation Award, the City's budget document was judged to be proficient in several categories including policy documentation, financial reporting, planning, and organization.

Acknowledgements. The preparation of the CAFR on a timely basis was made possible by the dedicated service of the entire staff of the Finance Department. Special recognition is made to Jennifer Walker, Deputy Director of Finance, Jackie Joyce, Controller, Jacinta Winstead, Accounting & Financial Reporting Manager, and Christy Deuster, Office and Budget Coordinator for their efforts. Each member of the department has our sincere appreciation for the contributions made in the preparation of this report.

We also acknowledge the thorough, professional, and timely manner in which the annual audit was conducted by **BKD, LLP**.

In closing, we acknowledge the contributions of the Mayor, Board of Directors, Tracey Shockley, Internal Auditor, and the Audit Advisory Committee members who have consistently supported the City's goal of excellence in all aspects of financial management. Their encouragement and support is greatly appreciated.

Respectfully submitted,

Ray Gosack

FINANCIAL SECTION

Independent Auditor's Report

The Honorable Mayor and
Board of Directors
City of Fort Smith, Arkansas
Fort Smith, Arkansas

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Fort Smith, Arkansas as of and for the year ended December 31, 2014, and the related notes to the financial statements which collectively comprise the City's basic financial statements listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We did not audit the financial statements of the Fort Smith Public Library, a discretely presented component unit of the City, which statements reflect total assets and revenues of \$1,915,495 and \$2,730,416, respectively, and represents 90% and 78% of the aggregate discretely presented component units' (governmental activities) total assets and revenues at December 31, 2014, and for the year then ended, respectively. Those statements were audited by another auditor, whose report has been furnished to us, and our opinion, insofar as it relates to the amounts included for the Fort Smith Public Library, is based solely on the report of the other auditor. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, based on our audit and the report of the other auditor, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund and the aggregate remaining fund information of the City of Fort Smith, Arkansas as of December 31, 2014, and the respective changes in financial position and cash flows, where applicable, thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and budgetary and pension information listed in the table of contents be presented to supplement the basic financial statements. Such information, although not part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City's basic financial statements. The combining and individual fund statements listed as supplementary information in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

Other Information

Our audit was conducted for the purpose of forming opinions on the basic financial statements as a whole. The introductory section and statistical section listed in the table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 16, 2015, on our consideration of the City's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City's internal control over financial reporting and compliance.

City of Fort Smith, Arkansas

Management's Discussion and Analysis

December 31, 2014

The following discussion and analysis of the City of Fort Smith's financial performance provides a narrative overview and analysis of its financial activities for the year ended December 31, 2014. We encourage readers to consider the information presented here in conjunction with additional information we have furnished in our letter of transmittal, which can be found on pages 6-11 of this report.

Financial Highlights

- Primary Government total assets and deferred outflow of resources exceeded total liabilities and deferred inflows of resources at the close of 2014 by \$754.9 million (net position). Of this amount, \$679.6 million was invested in capital assets, net of related debt; \$65.7 million was restricted for debt service, police and fire retirement contributions, construction projects, and other purposes; and \$9.6 million was unrestricted and available for meeting the City's emergency and unexpected obligations. The City's governmental activities have unrestricted net position of \$8.9 million. The City's business-type activities have unrestricted net position of \$0.6 million.
- The City's total net position increased by \$4 million in 2014. Net position of the governmental activities decreased by \$10.8 million in 2014 compared to a net increase of \$11.8 million in 2013. The City's net position of the business-type activities increased by \$14.7 million in 2014 compared to a net increase of \$28 million in 2013.
- As of the close of 2014, the City's governmental funds reported combined ending fund balances of \$109 million that was an increase of \$14.8 million from the prior year. The restricted portion of the fund balances is \$95 million. The remaining fund balances is classified as nonspendable of \$0.4 million; assigned of \$3.3 million; and unassigned of \$10.2 million.
- At the end of 2014, the unassigned fund balance for the General Fund was \$10.2 million or 22.5% of total General Fund expenditures. The General Fund balance between 2013 and 2014 was stable.
- The City's total bonded indebtedness increased by \$17.110 million during the current year. The City issued \$34.295 million in Sales and Use Tax Construction Bonds, Series 2014 in February 2014. This was offset by decreases due to the maturity of outstanding bonds during 2014 and the call of \$3.110 million in Sales and Use Tax bonds during the year.
- The City's governmental component units reported net position of \$2.1 million at December 31, 2014 which was a decrease of \$0.2 million from 2013.
- The City's business-type component units reported net position of \$38.9 million at December 31, 2014 which was a \$1.1 million increase from 2013.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the City's basic financial statements which are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the basic financial statements. This report also contains required and other supplementary information in addition to the basic financial statements.

Government-Wide Financial Statements. The *government-wide financial statements* are designed to provide readers with a broad overview of the City's finances, in a manner similar to private-sector business.

The *statement of net position* presents information on all of the City's assets and liabilities, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the City is improving or deteriorating.

The *statement of activities* presents information showing how the City's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses reported in this statement for some items will only result in cash flows in future fiscal periods (*e.g.*, uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of the City that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees or charges (business-type activities). The governmental activities of the City include general government, public safety, public works, community service, and debt service. The business-type activities of the City include the water and sewer system and the solid waste disposal system.

The government-wide financial statements include not only the City itself (known as the primary government), but also, the following legally separate entities for which the City is financially accountable:

- Parking Authority
- Fort Smith Public Library
- Advertising and Promotion Commission
- Airport Commission

Financial information for these *component units* are reported separately from the financial information presented for the primary government itself.

The government-wide financial statements can be found on pages 30-33 of this report.

Fund financial statements. A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The City, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the City can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

Governmental funds. *Governmental funds* are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on the *near-term inflows and outflows of spendable resources*, as well as on *balances of spendable resources* available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements. Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The City maintains 12 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the General Fund, Street Maintenance Fund, Sales Tax Fund, Sales and Use Tax Construction Fund, and the Sales and Use Tax Bond Fund that are considered to be major funds. Data from the other seven (7) governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of *combining statements* elsewhere in this report.

The basic governmental fund financial statements can be found on pages 34-38 of this report.

Proprietary funds. The City maintains two different types of proprietary funds. *Enterprise Funds* are used to report the same functions presented as business-type activities in the government-wide financial statements. The City uses Enterprise Funds to account for its water and sewer system and its solid waste system. *Internal Service Funds* are an accounting device used to accumulate and allocate costs internally among the City's various functions for fuel and duplicating services, medical, dental and life insurance benefits, and workers' compensation claims. The services provided by the internal service funds predominantly benefit the governmental rather than the business-type functions. They have been allocated between the *governmental activities* and the *business type activities* in the government-wide financial statements. Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail.

The proprietary fund financial statements provide separate information for the Water and Sewer Fund and the Sanitation Fund, both of which are considered to be major funds of the City. The Working Capital, Employee Insurance and Workers' Compensation Funds are the City's internal service funds and are reported in a single aggregated presentation.

The basic proprietary fund financial statements can be found on pages 40-45 of this report.

Fiduciary fund. The City maintains a fiduciary fund for its OPEB plan trust that is held for the purpose of providing future medical claims of retirees that become participants. The plan trust is an irrevocable trust entered into by the City during 2009 for benefit of its participants.

The fiduciary fund financial statements can be found on pages 46-47 of this report.

Notes to the basic financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the basic financial statements can be found on pages 48-99 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain *required supplementary information* concerning the City's General Fund budget, the City's Street Maintenance Fund budget and an analysis of funding progress for the City's fire and police pension plans. The City adopts an annual appropriation budget for its General Fund and its Street Maintenance Fund. Budgetary comparison schedules have been provided for the General Fund and the Street Maintenance Fund to demonstrate compliance with the annual budgets. *Required supplementary information* can be found on pages 102-105 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information. Combining statements and schedules can be found on pages 109-123 of this report.

Total net position	\$ 356,962,492	\$ 367,734,066	\$ 397,909,176	\$ 383,160,202	\$ 754,871,668	\$ 750,894,268

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. The City's assets and deferred outflow of resources exceeded liabilities and deferred inflows of resources by \$754.9 million at the close of 2014.

The largest portion of the City's net position (90%) reflects its investment in capital assets (*e.g.* land, buildings, improvements other than buildings, machinery and equipment, and infrastructure), plus unspent bond proceeds, less any related debt used to acquire those assets that is still outstanding. The City uses these capital assets to provide services to citizens; therefore, these assets are not available for future spending. Although the City's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay debt must be provided from other sources, since capital assets themselves cannot be used to liquidate these liabilities.

An additional portion of the City's net position (8.7%) represents resources that are subject to restrictions as to how they may be used. Of the total \$65.7 million restricted net position, \$33.5 million is restricted for bond retirement, \$25.6 million is restricted for construction projects, \$6.6 million is restricted for police and fire retirement contribution, and a very small amount is restricted for other purposes. The remaining balance of net position is \$9.6 million and is unrestricted.

At the end of the current fiscal year, the City is able to report positive balances in unrestricted net position for the government as a whole and for its separate governmental activities as was the case in the prior year. The business-type activities reported positive balances in unrestricted net position at the end of the current year, as was the case in the prior year.

The City's net position increased by \$4.0 million during 2014. Total revenues decreased 5% between years. Revenues generated by fees, fines, and charges for services decreased by 9.8%. Sales tax revenue on a government-wide basis increased by 2.8%.

Governmental Activities. Governmental activities decreased the City’s net position by \$10.8 million. Key elements of the net decrease are as follows:

- Total revenues for 2014 exceeded total expenses by \$9.7 million.
- Net capital asset acquisition exceeded depreciation by \$21.4 million. This was offset by the \$20.4 million capital contribution to the Water and Sewer Fund for wastewater improvements provided by the Sales & Use Tax Construction Fund.
- Sales tax revenue allocated for governmental purposes reflects a 2.8% increase between years. The City’s share of the county sales tax, accounted for in the General Fund, increased 1.8% in 2014 over 2013. The City’s sales tax that is allocated for street projects and accounted for in the Sales Tax Fund increased 3.2% between 2013 and 2014, as did the city sales tax allocated for redemption of the Sales and Use Tax Bonds, Series 2012 and 2014, and fire and parks operations.
- Utility franchise fee revenues increased by \$0.3 million or 4.7% during 2014 due to increased natural gas and electric usage between years.

The reported 2014 expenses were approximately \$4.8 million more than in 2013. The increase resulted from higher spending for general government and parks.

Business-Type Activities. Business-type activities increased the City’s net position by \$14.7 million. Key elements of the increase are as follows:

- The water and sewer system contributed \$14.4 million to the increase in total net position. The most significant increase in net position was the \$20.4 million capital contribution from the Sales & Use Tax Construction Fund, a capital projects fund in the governmental activities, for wastewater improvements during the year. The operating income for the system totaled \$1 million in 2014.
- The solid waste system added \$0.2 million to the increase in total net position. The operating income for the system in 2014 totaled \$29,000.
- Water and sewer system service charges contribute 73% of the operating revenue to business-type activities.

- The solid waste system service charges accounted for 27% of the revenue to business-type activities.
- Current year operating expenses for the business-type activities exceeded current revenues by \$5.7 million.

Expenses and Program Revenues - Business-type Activities

Revenues by Source - Business-type Activities

Financial Analysis of the Government's Funds

As noted earlier, the City uses fund accounting to ensure and demonstrate compliance with finance related requirements.

Governmental funds. The focus of the City's *governmental funds* is to provide information on near-term inflows, outflows, and balances of *spendable* resources. Such information is useful in assessing the City's financing requirements. In particular, unassigned fund balances may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of December 31, 2014, the City's governmental funds reported combined ending fund balances of \$109 million, an increase of \$14.8 million in comparison with the prior year. Of this amount, \$95 million represents restricted fund balance for construction projects, debt service coverage, police and fire retirement contributions, and other purposes. Approximately \$0.4 million of the fund balances is non-spendable. A portion of the fund balance, \$3.3 million, is assigned for specific uses by the City. The remainder of the balance, \$10.2 million, is unassigned in the General Fund and is available for spending at the government's discretion.

The General Fund is the chief operating fund of the City. At December 31, 2014, unassigned fund balance of the General Fund was \$10.2 million, while the total fund balance was \$11.7 million. As a measure of the General Fund's liquidity, it may be useful to compare both unassigned fund balances and total fund balances to total fund expenditures, including transfers out. Unassigned fund balances represent 21.9% of total General Fund expenditures, including transfers out, while total fund balances represents 25% of that same amount. The fund balances of the City's General Fund were stable between years.

Key factors during the year are as follows:

- Revenues decreased \$0.3 million in 2014 as compared to 2013. The most significant decreases occurred in court fines and forfeitures (\$0.4 million) and in other revenue sources (\$0.5 million). These decreases were offset by increases in sales taxes (\$0.4 million) and franchise fees (\$0.3 million).
- Total expenditures increased \$2.8 million between 2013 and 2014. The increase was due to additional fire operations (\$0.2 million); additional parks operations (\$0.3 million); and higher capital acquisitions particularly for fire and parks (\$2.9 million). These increases were offset by decreases in the police operations (\$0.1 million) and transit operations (\$0.1 million).

The Street Maintenance Fund and the Sales Tax Fund, both special revenue funds, are presented as major funds and account for 27.4% of the total governmental fund balances. Revenues include a one-percent (1%) local sales tax dedicated to streets, bridges and associated drainage, as well as gasoline tax and highway sales tax turnback from the state and federal transportation grants. The increase in fund balances for these two funds was \$5.8 million between years.

The Sales & Use Tax Construction Fund is also presented as a major fund and accounts for 40.8% of the total governmental fund balances. This fund accounts for the capital projects approved by voters that include the new aquatics center; construction of a new fire station, purchase and replacement of fire apparatus, and improvements to existing fire stations; water improvements; and wastewater improvements. The fund balance increased by \$8.8 million due to the Sales and Use Tax Bonds issued during 2014 offset by expenditures for projects during the year.

Proprietary funds. The City's proprietary funds provide the same information found in the government-wide financial statements, but with more detail.

Net position at the end of the year amounted to \$366.2 million and \$31.5 million for the Water and Sewer Fund and the Sanitation Fund, respectively. The increase in net position was \$14.4 million for the Water and Sewer Fund and \$0.2 million for the Sanitation Fund. Other factors concerning the finances of these funds have already been addressed in the discussion of the City's business-type activities.

Budgetary Highlights

General Fund. The final amended General Fund budget had total appropriations of \$52.7 million (total expenditures plus transfers out) compared to the original budget total of \$51.1 million. The increase in appropriations of \$1.6 million is summarized briefly as follows:

- Supplemental appropriations included \$0.95 million for additional capital assets for the fire department from its allocation of the ¼% sales tax.
- Additional appropriations of \$0.7 million were approved for the parks department capital improvement projects funded by its share of the ¼% sales tax.

Revenue estimates for the General Fund were increased from an original budget of \$45.7 million (total revenues plus transfers in) to the final estimate of \$46.3 million. The \$0.6 million increase was due to expected higher franchise fees of \$364,000 and additional intergovernmental revenues of \$533,000 for the fire department SCBA federal grant. These increases were offset by an expected \$215,000 decrease in property taxes.

Total actual revenue, including, “other financing sources”, for the General Fund was \$46.6 million or \$0.3 million more than the final budget estimates. The increased revenues were due to increases in sales taxes of \$308,000; further increases in franchise fee revenue of \$116,000; higher property tax revenues of \$74,000; and additional licenses and permits of \$98,000. These increases were offset by a decrease in intergovernmental revenue of \$126,000 in transit reimbursements and an unexpected decrease of \$270,000 in court fines and forfeitures. Total actual expenditures were \$6 million less than the final appropriated budget of the General Fund. Actual expenditures were approximately \$2.5 million lower for personnel and operating expenditures during the year primarily in the police, fire and parks departments. The actual capital outlay in 2014 was \$3.6 million less than the budget due to the multi-year projects within the fire and parks departments.

The budget and actual schedule for the General Fund may be found on page 103 in the required supplementary section of this document.

Capital Assets and Debt Administration

Capital assets. The City’s investment in capital assets for governmental and business-type activities as of December 31, 2014 amounts to \$919.3 million, net of accumulated depreciation. This investment in capital assets includes land, buildings, water and sewer systems, improvements other than buildings, machinery and equipment, park and library facilities, streets, and drainage systems. The total increase in the City’s investment in capital assets was 1.6%, a 0.2% increase for governmental activities and a 2.6% increase for business-type activities.

Major capital asset events during 2014 included the following:

- Net additions to construction in progress totaled \$6.5 million. Of this amount, water and wastewater improvements accounted for an increase of \$7.1 million and the general government and streets decreased by \$0.6 million.
- Net additions to infrastructure totaled \$12.9 million due to the completion of several street projects during 2014.
- Net additions to the sewer system totaled \$11.9 million and to the water system totaled \$5.8 million in 2014.
- Depreciation expense totaled \$33.8 million.

Additional information on the City’s capital assets can be found in *Note 3* on pages 64-71 of this report.

Long-term debt. At December 31, 2014, the City had \$279.7 million of long-term bonds outstanding, including \$160.3 million of bonds secured solely by specified revenue sources, (*i.e.* revenue bonds).

**City of Fort Smith’s Outstanding Debt
General Obligation and Revenue Bonds**

	Governmental Activities		Business-Type Activities	
	2014	2013	2014	2013
Sales and Use Tax Bonds	\$ 119,385,000	\$ 96,405,000	\$ -	\$ -
Revenue Bonds	-	-	160,305,000	166,175,000
Total	<u>\$ 119,385,000</u>	<u>\$ 96,405,000</u>	<u>\$ 160,305,000</u>	<u>\$ 166,175,000</u>

The City’s total bonded debt increased by \$17.110 million or 7% during 2014. The key factor in this increase was the issuance of \$34.295 million in Sales and Use Tax Bonds, Series 2014 during February 2014. This increase was offset by scheduled bond maturities during 2014 as well as the call of \$3.110 million in Sales and Use Tax bonds during 2014. The City maintains bond ratings as follows: an “A” rating from Standard & Poor’s on its water and sewer revenue bonds series 2005B, 2007, 2008, 2011 and 2012; and an “AA” rating from Standard & Poor’s on its sales and use tax bonds series 2012 and 2014.

State statutes limit the amount of general obligation bonds a government entity may issue to 25% of its total assessed valuation. The current debt limitation for the City is \$337.7 million. The City has no general obligation debt at December 31, 2014. Sales and use tax bonds are special debt of the City and are not considered general obligation bonds.

Additional information regarding the City’s long-term debt can be found in *Note 4* on pages 72-84 of this report.

Economic Factors and the Next Year’s Budget and Rates

- The year-end unemployment rate for the City was 5.5%, which was lower than the 8.1% rate for 2013. The state unemployment rate for 2014 was 5.2% and the national was 6.2%. The City is recovering from a down economy over the past few years.
- The City expects a 1.25% increase in its tax revenue for the coming year.

These factors were considered when the City prepared its 2015 Budget.

One of the major goals of the Board of Directors is to maintain financial stability in the General Fund by adopting a budget with a minimum unassigned fund balance at 15% of operating expenditures. Due to the economic slowdown in its major revenue sources, the City’s General Fund budget for 2015 was approved at \$48.1 million and includes a projected year-end fund balance approximating 7.5%. It should be noted that the actual General Fund year-end balance for the past 10 years has always exceeded the projected year-end balance. The Board and management are aware of the declining balance and are working towards other funding options and reducing expenditures even further.

Request for Information

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the City's finances and to show accountability for the money it receives. Questions concerning any of the information provided in this report or requests for additional financial information should be addressed to the Director of Finance's Office, Suite 512, 623 Garrison Avenue, Fort Smith, Arkansas 72901.

City of Fort Smith, Arkansas
Reconciliation of the Balance Sheet of Governmental Funds
to the Statement of Net Position
December 31, 2014

Total fund balances – governmental funds \$ 108,968,153

Amounts reported for governmental activities in the statement of net position are different because:

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. These assets consist of:

Land	\$ 27,046,523	
Buildings	78,449,766	
Improvements other than buildings	13,654,274	
Machinery and equipment	49,718,742	
Infrastructure	350,673,444	
Accumulated depreciation	<u>(160,297,819)</u>	
	359,244,930	
Construction in progress	<u>20,130,709</u>	
 Total	 <u><u>\$ 379,375,639</u></u>	 379,375,639

Some revenues in the governmental funds are deferred because they are not collected within the prescribed time period after year end and are not considered available. On the accrual basis, however, those revenues would be recognized regardless of when they are collected. 11,944,056

Internal service funds are used by management to charge the costs of certain activities, such as fuel and insurance, to individual funds. A portion of the assets and liabilities are included in governmental activities in the statement of net position. 223,616

Some long-term liabilities are not due and payable in the current period and, therefore, are not reported in the funds. Those liabilities consist of:

Compensated absences	\$ 2,406,749	
Claims payable	82,500	
Sales tax bonds payable, net	125,361,084	
Interest payable	731,527	
Capital leases payable	281,239	
OPEB liabilities	<u>14,685,873</u>	
	<u><u>\$ 143,548,972</u></u>	<u>(143,548,972)</u>

Net position of governmental activities \$ 356,962,492

City of Fort Smith, Arkansas
Reconciliation of the Statement of Revenues, Expenditures and
Changes in Fund Balances of Governmental Funds
to the Statement of Activities
For the Year Ended December 31, 2014

Net change in fund balances – total governmental funds	\$ 14,830,325
Amounts reported for governmental activities in the statement of activities are different because:	
Governmental funds report capital outlays as expenditures. However, in the government-wide statement of activities and changes in net position, the cost of those assets is allocated over their estimated useful lives as depreciation expense. This is the amount of capital assets recorded in the current period.	41,638,644
Capital contributions to the Water and Sewer Fund are recognized as transfers out on the government-wide statement of activities	(20,435,564)
The net effect of various miscellaneous transactions increases net position	1,570,267
Depreciation expense on capital assets is reported in the government-wide statement of activities and changes in net position, but they do not require the use of current financial resources. Therefore, depreciation expense is not reported as an expenditure in governmental funds.	(20,252,713)
The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of debt consumes current financial resources of governmental funds. This transaction does not have any effect on net position. This amount is the net effect of these differences in the treatment of long-term debt and related items.	(24,008,741)
Some property taxes will not be collected for several months after the City's fiscal year end and they are not considered "available" revenues in the governmental funds.	(285,688)
Some expenses, <i>i.e.</i> , the increase in compensated absences liability and OPEB liabilities, reported in the statement of activities and changes in net position do not require the use of current financial resources, and, therefore, are not reported as expenditures in the governmental funds.	(2,631,438)
Internal service funds are used by management to charge the costs of certain activities, such as insurance and fuel, to individual funds. The net loss of the internal service funds is reported with governmental activities [net of the amount allocated to business-type activities of \$107,610 and the external activities adjustment of \$606,435].	<u>(1,196,666)</u>
Change in net position of governmental activities	<u><u>\$(10,771,574)</u></u>

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Note 1: Nature of Operations and Summary of Significant Accounting Policies

Nature of Operations

The City of Fort Smith, Arkansas (the “City”) is a municipal corporation operating under the authority of Arkansas state statute. The City operates under a city administrator form of government. Seven elected directors and the Mayor set policy. The directors employ the City Administrator. The accounting and reporting policies of the City conform to accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the standard-setting body accepted in the United States for establishing governmental accounting and financial reporting principles.

Adoption of Accounting Principles

GASB Statement No. 66 - Technical Corrections

Effective January 1, 2014, the city implemented GASB Statement 66, *Technical Corrections*. This statement enhances the usefulness of financial reports by resolving conflicting accounting and financial reporting guidance that could diminish the consistency of financial reporting. GASB 66 amends both GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, and GASB Statement No. 62, *Codification of Accounting and Financial Reporting Guidance Contained in Pre-November 30, 1989 FASB and AICPA Pronouncements*.

GASB Statement No. 67 – Financial Reporting for Pension Plans

Effective January 1, 2014, the city implemented GASB Statement 67, *Financial Reporting for Pension Plans*. The objective of GASB Statement 67 is to establish financial reporting standards for state and local government pension plans that are administered through trusts or equivalent arrangements. GASB 67 amends GASB Statement No. 25, *Financial Reporting for Defined Benefit Pension Plans and Note Disclosures for Defined Contribution Plans*.

GASB Statement No. 69 – Government Combinations and Disposals of Government Operations

Effective January 1, 2014, the city implemented GASB Statement 69, *Government Combinations and Disposals of Government Operations*. This statement establishes accounting and financial reporting standards for government combinations and disposals of government operations.

GASB Statement No. 70 – Accounting and Financial Reporting for Nonexchange Financial Guarantees

Effective January 1, 2014, the city implemented GASB Statement 70, *Accounting and Financial Reporting for Nonexchange Financial Guarantees*. The objective of this statement is to improve accounting and financial reporting by state and local governments that extend and receive nonexchange financial guarantees.

The adoption of these standards did not have a material effect on the financial statements in the current year.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Reporting Entity

The City is a municipality governed by an elected mayor and a seven-member board of directors (Board). As required by GAAP, these financial statements present the City (Primary Government) and its component units. The component units are legally separate from the City, but are included in the City's reporting entity because of the significance of their operational or financial relationships with the City based upon the criteria of GASB Statement 14, *The Financial Reporting Entity*, as amended by GASB Statement 39, *Determining whether Certain Organizations Are Component Units*, as amended by GASB Statement 61, *The Financial Reporting Entity: Omnibus*. Generally, GASB Statements 14, 39 and 61 require entities for which the City appoints a voting majority of the board and the entity imposes a financial benefit or burden to be included in the City's financial reporting entity. Additionally, those entities that the nature and significance of their relationship with the City is such that exclusion from the City's financial reporting entity would render the City's financial statements incomplete or misleading, should also be included in the City's reporting entity.

Those entities that meet the above established criteria for inclusion, and that meet either of the following criteria (1) provide services entirely or almost entirely for the City, or (2) whose board is substantially the same as the City's board, are required to be included as part of the primary government's financial statements through "blended" presentation. Those entities that meet the above established criteria for inclusion, but do not either (1) provide services entirely or almost entirely for the City, or (2) have the same or substantially the same board as the City, are required to be presented "discretely" or in a separate column as part of the City's reporting entity, but not part of the primary government. Entities for which the City is accountable because it appoints a voting majority of the Board but is not financially accountable, are related organizations and would be disclosed in these notes.

All entities that are not included as "Blended Component Units" or "Discretely Presented Component Units" on the following page are excluded from the City's financial reporting entity

Discretely Presented Component Units

Business-Type

Fort Smith Parking Authority (the Authority) - The Authority's governing board is appointed by the City's Board; the operation and administration of the Authority's property is conducted by City personnel; and the legal liability for the Authority's revenue bond obligation remains with the City. In addition, the City provides a subsidy to fund the Authority's operations; however, the Authority functions almost entirely for the benefit of residents and other customers. The Authority is a special purpose government engaged solely in business-type activities and is discretely presented in the City's basic financial statements. Separate financial statements are not prepared for the Authority. See *Note 13* on pages 97-98 of these notes for condensed financial statements.

City of Fort Smith, Arkansas

Notes to Basic Financial Statements

December 31, 2014

Airport Commission - The Airport Commission manages the Fort Smith Regional Airport and consists of seven members as appointed by the Mayor and confirmed by the Board. Debt is issued in the name of the City and the tax rate on aviation fuel must be approved by the Board. The Airport Commission is a special purpose government engaged solely in business-type activities and is discretely presented in the City's basic financial statements. Financial statements of the Airport Commission can be obtained from the Airport's administrative office located at 6700 McKennon Boulevard, Suite 200, Fort Smith, Arkansas 72903, or from the City Clerk's office. See *Note 13* on pages 97-98 of these notes for condensed financial statements.

Governmental

Advertising and Promotion Commission (the Commission) - The Commission was established during 1989 to promote the City and increase tourism. The Commission is governed by seven members appointed by the Board. The Mayor and one board member serve as two of the seven members of the Commission. The City levies taxes for the Commission's revenue, performs administrative services for collection of taxes, and provides financial services to the Commission. However, the Commission functions for the benefit of the citizens and visitors to the City. The Commission is a special purpose government engaged in governmental activities and is discretely presented in the City's basic financial statements. Separate financial statements are not prepared for the Commission. See *Note 13* on pages 97-98 of these notes for condensed financial statements.

Public Library - The board of trustees for the Fort Smith Public Library manages the Public Library and consists of seven members appointed by the Mayor and confirmed by the Board. Debt is issued in the name of the City and the City levies the Public Library's ad valorem tax annually. The Public Library is a special purpose government engaged in governmental activities and is discretely presented in the City's basic financial statements. Financial statements of the Public Library can be obtained from the Library's administrative office located at 3201 Rogers Avenue, Fort Smith, Arkansas, 72903, or from the City Clerk's office. See *Note 13* on pages 97-98 of these notes for condensed financial statements.

Related Organizations

The City's Mayor and Board are also responsible for appointing members of the boards of other organizations, but the City's accountability, for these organizations, does not extend beyond making the appointments. The Mayor and Board appoint the members of the Fort Smith Housing Authority and the Solid Waste Management District; however, the City cannot impose its will upon the Housing Authority or the Solid Waste Management District as stated in GASB Statements 14 and 39; therefore, the financial operations of these related organizations have not been included in the City's basic financial statements.

Government-Wide and Fund Financial Statements

The basic financial statements include both government-wide (based on the City as a whole) and fund financial statements as follows:

City of Fort Smith, Arkansas

Notes to Basic Financial Statements

December 31, 2014

Government-Wide Financial Statements

The government-wide financial statements report information on all of the nonfiduciary activities of the primary government and its component units. As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. Interfund services provided and used are not eliminated in the process of consolidation. These statements distinguish between the governmental and business-type activities of the City. Governmental activities generally are financed through taxes, intergovernmental revenues and other nonexchange transactions. Business-type activities are financed in whole or in part by fees charged to external parties. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The statement of activities demonstrates the degree to which the direct expenses of a given function or identifiable activity is offset by program revenues. Direct expenses are those that are clearly associated with a specific function or identifiable activity. Expenses that cannot be specifically identified to a particular function are charged to functions based on time spent for that function and are included in the functional categories. Program revenues include (a) charges to customers or applicants who purchase, use, or directly benefit from goods, services or privileges provided by a given function or identifiable activity and (b) grants and contributions that are restricted to meeting the operational or capital requirements of a particular program or identifiable activity. All other revenues are reported as general revenues.

Fund Financial Statements

The fund financial statements provide information about the City's funds. Separate statements for each fund category, governmental, proprietary, and fiduciary, are presented. The emphasis of fund financial statements is on major governmental and major enterprise funds, each displayed in a separate column. All other governmental and enterprise funds are aggregated and reported as nonmajor funds. Internal service funds are also aggregated and reported in a single column.

The City reports the following major governmental funds:

The *General Fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The *Street Maintenance Fund* is a special revenue fund that accounts for state gas turnback revenues and property taxes from the Sebastian County road tax allocation restricted for street and traffic control operations. Minor maintenance, repair, and construction of streets and traffic control signals as well as street lighting are included in this fund.

The *Sales Tax Fund* is a special revenue fund that accounts for resources from the City's one percent (1%) local sales and use tax dedicated to the major street, bridge, and associated drainage projects.

The *Sales and Use Tax Construction Fund* is a capital projects fund that accounts for the proceeds of the Sales and Use Tax Refunding and Construction Bonds and the projects funded thereby.

The *Sales and Use Tax Bond Fund* is a debt service fund that accounts for resources to repay general government related debt.

City of Fort Smith, Arkansas

Notes to Basic Financial Statements

December 31, 2014

The City reports the following major enterprise funds:

The *Water and Sewer Fund* is an enterprise fund that accounts for the activities of the water and wastewater operations. The City operates water treatment plants and distribution lines and wastewater treatment plants, pumping stations and collection systems.

The *Sanitation Fund* is an enterprise fund that accounts for the activities of providing solid waste collection and disposal. The City's landfill activities are included in this fund.

The City reports the following fiduciary fund type:

The OPEB Fund is a pension trust fund that accounts for contributions to an irrevocable trust established to provide for future funding of retirees' medical plan benefits.

Additionally, the City reports the following fund types:

Special Revenue Funds- The special revenue funds, which include federal and state grants, are used to account for the proceeds of specific revenue sources, other than major capital projects, that are legally restricted to expenditures for specified purposes. The City's nonmajor special revenue funds are Community Development Block Grant (CDBG) Funds, Tilles Park Fund, Home Investment Partnership Act Fund, Special Grants Fund, LOPFI Contribution Fund, Economic Development Fund, and Convention Center Fund.

Internal Service Funds- The internal service funds are used to account for centralized services, employee health care, and workers' compensation coverage provided to the City departments on a cost-reimbursement basis.

Measurement Focus and Basis of Accounting

Government-Wide and Proprietary Funds

The government-wide, proprietary fund financial statements and fiduciary fund financial statements are reported using the economic resources measurement focus and accrual basis of accounting. Revenues are recorded when earned and expenses are recorded at the time liabilities are incurred, regardless of the timing of related cash flows.

Proprietary fund operating revenues and expenses are distinguished from nonoperating items. Operating revenues and expenses generally result from providing services in connection with the principal ongoing operations of the fund. All revenues and expenses not meeting this definition are reported as nonoperating items.

Nonexchange transactions, in which the City receives (or gives) value without directly giving (or receiving) equal value in exchange, include taxes, fines and forfeitures, grants, entitlements, and similar items; and contributions. Recognition standards are based on the characteristics and classes of nonexchange transactions. Property taxes are recognized as revenues in the year for which they are levied. Utility franchise fees, other taxes, and fines and forfeitures are recognized as revenues, net of estimated refunds and uncollectible amounts, in the accounting period when an enforceable legal claim to the assets arises and the use of resources is required or is first permitted. All of the utility franchise fees remitted to the City are based upon the gross receipts of the franchised utility.

City of Fort Smith, Arkansas

Notes to Basic Financial Statements

December 31, 2014

Grants, entitlements, and contributions are recognized as revenues, net of estimated uncollectible amounts, as soon as all eligibility requirements imposed by the provider have been met. Amounts received before all eligibility requirements have been met are reported as unavailable revenues. Grants and similar aid to other organizations are recognized as expenses as soon as recipients have met all eligibility requirements. Amounts paid before all eligibility requirements have been met are reported as prepaid items.

Governmental Fund Financial Statements

Governmental funds are reported using the current financial resources measurement focus and the modified accrual basis of accounting. With this measurement focus, only current assets and liabilities are generally included on the balance sheet. The statement of revenues, expenditures and changes in fund balances presents increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in spendable resources. General capital asset acquisitions are reported as expenditures and proceeds of general long-term debt are reported as other financing sources. Under the modified accrual basis of accounting, revenues are recognized when both measurable and available. The City considers revenues reported in the governmental funds to be available if they are collectible within sixty (60) days after year-end with the exception of grant revenues that are considered available if collected within one year. Principal revenue sources considered susceptible to accrual include ad valorem taxes, sales taxes, utility franchise fees, grant revenues, and interest. Other revenues, such as fines and forfeitures and service charges, are considered to be measurable and available only when cash is received by the City. Expenditures generally are recorded when the related liability is incurred under the accrual basis of accounting, except for expenditures related to principal and interest on long-term debt, claims and judgments, and compensated absences which are recorded only when payment is due.

Cash and Investments

In order to facilitate cash management, the operating cash of certain funds is pooled into common bank accounts for the purpose of increasing income through combined investment activities. Investments are carried at fair value. Interest earned on investments is recorded in the funds in which the investments are recorded.

Inventories

Inventories, consisting primarily of gasoline and waterline materials, are valued on the average cost basis.

General government fund inventories are accounted for on the purchase method.

Capital Assets

Capital assets, which include infrastructure assets constructed since 1980, are reported in the government-wide financial statements and the fund financial statements for proprietary funds.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Capital assets are recorded at cost including interest during the construction period for business-type activities. Contributed property is recorded at fair value at the date of contribution. Depreciation is recorded on each class of depreciable property utilizing the straight-line method over the estimated useful lives of the assets, or on the units-of-production method based on filled capacity utilized for the City's landfill.

The ranges of estimated useful lives, excluding improvements other than buildings for the Sanitation Fund, are as follows:

Capital Assets	Useful Life (Years)
Governmental activities:	
Buildings	10 to 50
Improvements other than buildings	5 to 50
Infrastructure	
Streets	40
Bridges	30
Drainage	20
Machinery and equipment	5 to 20
Business-type activities:	
Enterprise funds:	
Water and sewer system:	
Water system	10 to 50
Sewer system	10 to 50
Machinery and equipment	3 to 10
Sanitation:	
Buildings	35
Leasehold improvements	10 to 30
Machinery and equipment	3 to 10
Discretely presented component units:	
Public Library	
Fixtures and equipment	5 to 10
Transportation equipment	5
Parking Authority:	
Buildings	30
Machinery and equipment	3 to 10
Airport Commission:	
Buildings and improvements	10 to 30
Improvements other than buildings	5 to 20
Machinery and equipment	3 to 15
Furniture and fixtures	3 to 10
Ramps, runways, taxiways and improvements	3 to 50

Renewals and betterments of property and equipment are capitalized, whereas normal repairs and maintenance are charged to expense as incurred.

City of Fort Smith, Arkansas

Notes to Basic Financial Statements

December 31, 2014

Interest is capitalized on enterprise fund capital assets acquired with tax-exempt debt. The amount of interest to be capitalized is calculated by offsetting interest expense incurred from the date of the borrowing until completion of the project with interest earned on invested proceeds over the same period. There was no capitalized interest in 2014.

The City's capitalization policy states that capital assets are defined as assets with an initial value or cost greater than or equal to \$5,000 and an estimated useful life of greater than one year. Exceptions are for infrastructure assets that are defined as having a constructed cost greater than or equal to \$250,000.

Property Tax Revenue

Taxes are levied on November 1 and are due and payable at that time. Property taxes attach an enforceable lien on property the first following Monday in February (the lien date). All unpaid taxes levied November 1 become delinquent October 16 of the following year.

Sebastian County is the collecting agent for the levy and remits the collections to the City, net of a collection fee.

The City is permitted by Arkansas State Law to levy taxes up to \$0.50 per \$100 of assessed valuation on real and personal property for general governmental services, \$0.50 per \$100 of assessed valuation on real and personal property for the payment of principal and interest on long-term debt, \$0.10 per \$100 of assessed valuation on real and personal property for the police pension funds and \$0.10 per \$100 of assessed valuation on real and personal property for the fire pension funds. The combined tax rate levied by the City in 2013 to finance the above operations was \$0.70 per \$100 of assessed valuation on real and personal property, leaving a tax margin of \$0.50 per \$100 of assessed valuation on real and personal property. Approximately \$6.8 million of additional taxes could be raised per year based on the current year's assessed value of \$989,630,922 for real property and \$361,225,320 for personal property before the limit is reached.

Compensated Absences

The City allows nonuniformed employees to accumulate unused vacation of up to 160 hours, police to accumulate unused vacation of up to 160 hours, and firefighters to accumulate unused vacation of up to 240 hours for one year. Upon termination, any accumulated unused vacation time will be paid to the employees. Generally, City employees are allowed to accumulate unused sick leave up to a maximum of 120 days. Any accumulated unused sick leave over 45 days for nonuniformed employees hired prior to February 4, 1992, and any accumulated unused sick leave over 90 days for nonuniformed employees hired February 4, 1992, and thereafter is paid upon termination. At the end of term of service, police officers will be paid for any accumulated unused sick leave upon retirement to a maximum amount equal to three month's salary for police officers at the rank held upon retirement. At the end of term of service, firefighters shall be paid for any accumulated unused sick leave upon retirement to a maximum amount of three month's salary in the rank of Assistant Chief and above, and to a maximum amount of 728 hours for firefighters in the rank of Captain and below.

City of Fort Smith, Arkansas

Notes to Basic Financial Statements

December 31, 2014

The City records a liability for compensated absences as the employee earns benefits attributable to services already rendered that are not contingent on a specific event that is outside the control of the City. All compensated absences are accrued when incurred in the government-wide and proprietary fund financial statements. A liability for these amounts is reported in the governmental funds only if they have matured such as a result of employee resignations and retirements.

Risk Management

The City maintains a medical self-insurance plan funded by the City and administered by a third party. The plan provides certain healthcare benefits to active and retired City employees. Substantially all regular, full-time City employees are eligible for these benefits. The City's costs of providing these benefits, including premiums, totaled \$9,803,658 in 2014, and are included in operating expenses in the Employee Insurance Fund. The City contributes fully for each employee and shares in the contribution for any dependents. Retired employees may continue coverage under the City's policy, but must bear the entire cost of these contributions. See *Note 8* on pages 90-92.

The City also makes contributions to fund a self-insured workers' compensation program. The City contributed \$540,241 in 2014 to fund this program. There have been no significant reductions in insurance coverage from the prior year and there were no settlements that exceeded insurance coverage in the past three fiscal years.

Sales Taxes

In November 1985, the City began assessing a 1% sales and use tax on retail sales in the City. The tax is collected by the state and remitted to the City, net of a collection fee. Taxes for this purpose totaled \$20,099,013 for fiscal year 2014, and are included in the Sales Tax Fund's sales tax revenues in the accompanying financial statements. Sales tax revenues are restricted for repair, maintenance, and improvement of City streets, bridges, and associated drainage. The City refers the tax to the voters every ten years for reapproval. The tax is currently extended through 2025.

In August 1994, Sebastian County began assessing a 1% sales and use tax on retail sales in the county. Each city within Sebastian County receives a portion of the tax based upon population of the city. Currently, the City receives approximately 68% of the county tax. The tax is collected by the state and remitted to the City, net of a collection fee. Taxes totaled \$15,625,636 for fiscal year 2014. These taxes are included in the General Fund's sales tax revenues. The County refers the tax to the voters every ten years for reapproval. The tax is currently in place through August 2024.

In March 2012, the citizens approved a referendum to continue the 1% sales and use tax on retail sales in the city to refund the Sales and Use Tax Construction Bonds, Series 2006, 2008 and 2009, to fund a new aquatics center, construct a new fire station, purchase and replace fire apparatus, improve existing fire stations, water improvements and wastewater improvements. The 1% sales tax revenue is split at $\frac{3}{4}$ % for the repayment of the Sales and Use Tax Refunding and Construction Bonds, Series 2012 and 2014, and $\frac{1}{4}$ % for fire and parks departments operating and capital asset costs. These taxes are collected by the state and remitted to the City net of a collection fee. The taxes for this purpose totaled \$20,099,013 for fiscal year 2014.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Statement of Cash Flows

For purpose of the statement of cash flows, the proprietary funds consider all highly liquid investments (including restricted assets) with a maturity of three months or less when purchased to be cash equivalents, which are classified as cash and restricted cash in the accompanying statement of fund net position.

Long-Term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in governmental activities, business-type activities, and component units. These amounts are also reported as liabilities in the fund financial statements for proprietary funds. In governmental funds, long-term liabilities are only recorded to the extent that they are due and payable. Debt premiums, discounts and deferred losses on refunding are generally deferred and amortized over the shorter of refunded debt or refunded debt's life using the straight-line method that approximates the effective interest method. Long-term debt is reported net of the applicable debt premium or discount and deferred losses on refundings

In the fund financial statements, governmental fund types recognize debt discounts and premiums during the current period. The face amount of the debt issued and discounts given are reported separately as other financing sources. Issuance costs, whether or not withheld from the actual proceeds received, are reported as debt service expenditures.

Restricted Assets

Assets are reported as restricted when constraints placed on them are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or are imposed by law through constitutional provisions or enabling legislation.

When both restricted and unrestricted resources are available for use, generally it is the City's policy to use restricted resources first. For projects funded by tax-exempt debt proceeds and other sources, the debt proceeds are used first.

Certain proceeds of the City's general government sales and use tax bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bond covenants. The balance of the restricted asset accounts in the general government activities are as follows:

Cash	\$	230,621
Investments		62,861,497
Interest receivable		53,162
Sales taxes receivable		1,247,169
		1,247,169
Total restricted assets - general government	\$	64,392,449

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Certain proceeds of the City's enterprise funds revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet because they are maintained in separate bank accounts and their use is limited by applicable bond covenants.

The balances of the restricted assets accounts in the enterprise funds are as follows:

Current Assets:

Cash - water and sewer depreciation account	\$ 112,500
Cash - water and sewer meter deposit account	17,800
Investments - water and sewer depreciation account	1,287,230
Investments - water and sewer meter deposit account	414,203
Investments - water and sewer bond account	4,542,719
Investments - water and sewer bond construction account	1,243,321
Accounts receivable - solid waste cleanup program account	196,301
Interest receivable - water and sewer depreciation account	270
Interest receivable - water and sewer meter deposit account	87
Interest receivable - water and sewer bond construction account	2,204
Interest receivable - water and sewer bond account	39
Total current assets - restricted	7,816,674

Noncurrent assets:

Investments - solid waste landfill construction/closure and postclosure care account	4,599,595
Prepaid items and deposits - water and sewer operating account	59,918
Prepaid items and deposits - water and sewer bond construction account	117,527
Total noncurrent assets	4,777,040

Total restricted assets - enterprise funds	\$ 12,593,714
--	---------------

Unearned Revenue

Unearned revenue consists mainly of grant receipts and convention center rentals.

Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from these estimates.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Fund Balances – Governmental Funds

The fund balances for the City’s governmental funds are displayed in five components:

Nonspendable – Nonspendable fund balances are not in a spendable form or are required to remain intact.

Restricted – Restricted fund balances may be spent only for the specific purposes stipulated by external resource providers, constitutionally or through enabling legislation. Restrictions may be changed or lifted only with the consent of resource providers.

Committed – Committed fund balances may be used only for the specific purposes determined by ordinance of the Board of Directors (BOD). Commitments may be changed by issuance of an ordinance by the BOD.

Assigned – Assigned fund balances are intended to be used by the City for specific purposes as determined by management. In governmental funds other than the General Fund, assigned fund balances represent the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund. The Board of Directors (BOD) has by resolution authorized the City Administrator to assign fund balance. The BOD may also assign fund balance as it does when appropriating fund balance to cover a gap between estimated revenue and appropriations in the subsequent year’s appropriated budget.

Unassigned – Unassigned fund balance is the residual classification for the General Fund and includes all amounts not contained in other classifications.

The City considers restricted amounts to have been spent when an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available. The City applies committed amounts first, followed by assigned amounts, and then unassigned amounts when an expenditure is incurred for purposes for which amounts in any of those unrestricted fund balance classifications could be used.

Deferred Outflows of Resources and Deferred Inflows of Resources

A deferred inflow of resources is an acquisition of net position or fund balance by the city that is applicable to a future reporting period and a deferred outflow of resources is a consumption of net position or fund balance by the city that is applicable to a future period. Both deferred inflows and outflows are reported in the statement of position and in the governmental funds balance sheet but are not recognized in the financial statements as revenues and expenditures/expenses until the period(s) to which they relate. Deferred outflows of resources and deferred inflows of resources on the statement of net position consist of deferred charges on bond refunding. The deferred inflows of resources on the governmental funds balance sheet are for property taxes.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Note 2: Cash and Investments

The City maintains a cash and investment pool that is available for use by all City funds. In addition, investments are separately held by some of the City's funds.

The City follows GASB Statement 3, *Accounting and Financial Reporting for Certain Investments and for External Investment Pools*, as amended by GASB Statement 40, *Deposit and Investment Risk Disclosure*. The investments and deposits of the primary government are stated at quoted fair values. As a result, a net unrealized loss of \$47,403 is recorded as a decrease in fair value of investments for the primary government in 2014 related to the City's governmental funds.

Deposits

Custodial credit risk is the risk that in the event of a bank failure, a government's deposits may not be returned to it. The City's deposit policy for custodial credit risk requires compliance with the provisions of state law. State law requires collateralization of all deposits with federal depository insurance; bonds and other obligations of the U.S. Treasury, U.S. agencies or instrumentalities or the state of Arkansas. At December 31, 2014, all the City's deposits were fully collateralized and, therefore, were not exposed to custodial credit risk. Independent third parties held securities in the City's name as collateral at December 31, 2014. The bank balances and carrying amount of the City's deposits held as of December 31, 2014 were as follows:

Pooled and Nonpooled Funds

<u>Description</u>	<u>Bank Balance</u>	<u>Carrying Amount</u>
Demand deposits	\$ 53,203,184	\$ 53,426,205
Certificates of deposit	<u>7,727,095</u>	<u>7,727,095</u>
	<u><u>\$ 60,930,279</u></u>	<u><u>\$ 61,153,300</u></u>

Component Units

At year-end, the carrying amount and the bank balance of the Advertising and Promotion Commission deposits was \$82,166. At December 31, 2014, none of the balances were exposed to custodial credit risk.

At year-end, the carrying amount of the Public Library's deposits was \$667,073 and the bank balance was \$725,403. At December 31, 2014, none of the balances were exposed to custodial credit risk.

At year-end, the carrying amount and the bank balance of the Parking Authority's deposits was \$55,801. At December 31, 2014, none of the balances were exposed to custodial credit risk.

At year-end, the carrying amount of the Airport Commission's deposits was \$3,414,013 and the bank balance was \$3,701,440. At December 31, 2014, none of the balances were exposed to custodial credit risk.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Investments

State statutes and City ordinances authorize the City to invest funds in obligations of the U.S. Government. The City pension funds are authorized to invest in obligations of the U.S. Treasury, U.S. agencies and instrumentalities, commercial paper, corporate stocks, bonds, and mutual funds.

The City's investments, including accrued interest, held as of December 31, 2014 were as follows:

Pooled and Nonpooled funds

<u>Description</u>	<u>Fair Value</u>	<u>Investment Maturities Less than 1 Year</u>	<u>Investment Maturities 1-5 Years</u>
U.S. Treasury Bills	\$ 33,278,916	\$ 33,278,916	\$ -
U.S. Treasury Notes	48,648,175	-	48,648,175
	<u>\$ 81,927,091</u>	<u>\$ 33,278,916</u>	<u>\$ 48,648,175</u>

Component Units

At year-end, the Advertising & Promotion Commission held \$80,812 in U.S. Treasury Bills. The Advertising & Promotion Commission reports investments at fair value and the maturity dates of the bills are less than one year.

At year-end, the Public Library held \$300,884 in money market funds. The Public Library reports investments at fair value.

At year-end, the Parking Authority fund held \$375,924 in U.S. Treasury Bills. The Parking Authority reports investments at fair value and the maturity dates of the bills are less than one year.

At year-end, the Airport Commission held \$76,163 in money market mutual funds and \$306,147 in U.S. Treasury Bills. The Airport Commission reports investments at fair value.

Interest Rate Risk. The City's investment policy does not limit investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

Credit Risk. The City's investments at December 31, 2014 are securities issued and guaranteed by the U.S. Government.

Custodial Credit Risks. Custodial credit risk is the risk that in the event of the failure of the counterparty the City will not be able to recover the value of its investment or collateral securities that are in the possession of an outside party. While the City's investment policy does not directly address custodial credit risk, all investments held by the City or by an agent of the City are in the City's name.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Construction-in-progress is composed of the following:

	Primary Appropriation	Expended to December 31, 2014	Committed
Primary government:			
Governmental activities	\$ 31,741,143	\$ 20,130,709	\$ 11,610,434
Business-type activities			
Sanitation capital improvements	13,034,184	3,705,684	9,328,500
Water and sewer capital improvements	94,058,874	34,036,575	60,022,299
Total	<u>\$ 138,834,201</u>	<u>\$ 57,872,968</u>	<u>\$ 80,961,233</u>

The City's governmental construction projects include major street and drainage improvements, a new aquatics park, a new sports complex, additional trails and greenways, and a new fire training center. Funding is in place for these projects. The water and sewer capital improvement projects include the water and wastewater projects that are being funded by the Sales and Use Tax Refunding and Construction Bonds, Series 2012 and 2014. These assets are being transferred to the Water and Sewer Fund as contributed capital from a general government fund. Funds are available for these projects. The water and sewer capital improvement projects also include the neighborhood waterline improvements, wet weather wastewater improvements, and plant designs that are funded by the 2008 water and sewer system revenue bonds and utility operating revenues. The sanitation project currently includes construction of a new and expanded scale house for operations at the landfill. Funds are in place for the scale house project.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Reconciliation of governmental activities to the government-wide statement of net position:

Current Liabilities:	
Current portion of long-term debt	\$ 6,770,000
Noncurrent liabilities:	
Due within one year	1,911,672
Due in more than one year	<u>135,832,802</u>
Total governmental activities long-term liabilities	<u>\$ 144,514,474</u>

Reconciliation of business-type activities to the government-wide statement of net assets:

Current Liabilities:	
Current portion of long-term debt	\$ 6,085,000
Noncurrent liabilities:	
Due within one year	1,202,676
Due in more than one year	<u>169,327,277</u>
Total business-type activities long-term liabilities	<u>\$ 176,614,953</u>

The claims payable for employee insurance and workers' compensation are related to the internal service fund allocations. The internal service funds serve governmental funds as well as the two enterprise funds, therefore, the claims allocations are applied to governmental and business-type activities as applicable. For governmental activities, the General Fund generally liquidates claims and compensated absences.

The other postemployment benefit (OPEB) liabilities are related to healthcare benefits for retirees. The OPEB liabilities apply to governmental and business-type activities as applicable. For governmental activities, the General Fund generally liquidates OPEB liabilities.

City of Fort Smith, Arkansas

Operating Leases

The City leases office space under a noncancelable-operating lease. Total costs for the lease to the General Fund were \$250,000 for the year ended December 31, 2014. The future minimum lease payments for the lease are as follows:

2015	\$ 272,000
2016	286,000
2017	<u>298,000</u>
Total	<u><u>\$ 856,000</u></u>

Capital Leases

The City has entered into lease agreements for the acquisition of capital assets in 2009 through 2014. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of future minimum lease payments as of the inception date in the statement of net position.

The assets acquired through capital lease are as follows:

	Primary Government		
	Governmental	Business - Type Activities	
	Activities	Water & Sewer	Sanitation
Machinery and Equipment	\$ 659,870	\$ 315,724	\$ 2,009,877
Less accumulated depreciation	<u>(47,876)</u>	<u>(189,853)</u>	<u>(404,909)</u>
Total	<u><u>\$ 611,994</u></u>	<u><u>\$ 125,871</u></u>	<u><u>\$ 1,604,968</u></u>

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

The future minimum lease obligations and the net present value of these minimum lease payments as of December 31, 2014 were as follows:

	Primary Government		
	Governmental Activities	Business - Type Activities	
		Water & Sewer	Sanitation
2015	\$ 117,829	\$ 56,181	\$ 309,556
2016	91,245	-	-
2017	91,245	-	-
Total future minimum lease payments	300,319	56,181	309,556
Less interest	(19,080)	(1,910)	(8,636)
Net present value of future minimum lease payments	<u>\$ 281,239</u>	<u>\$ 54,271</u>	<u>\$ 300,920</u>

In accordance with Amendment 78 of the Arkansas Constitution, Arkansas state statutes limit the amount of short-term financing, including capital leases, the City may have in any fiscal year to five percent (5%) of the assessed valuation of property within the City. The limit applies to the reporting entity governmental activities. The governmental activities had capital leases payable of \$281,239 that is considered short-term financing as of December 31, 2014. The limit as of December 31, 2014 was \$67.5 million; therefore, management believes the City is in compliance with state statutes for short-term financing at December 31, 2014.

Sales and Use Tax Bonds- Governmental Activities

On May 22, 2012, the City issued \$110,660,000 Sales and Use Tax Refunding and Improvement Bonds, Series 2012. The bonds were issued to advance refund the outstanding Sales and Use Tax Refunding and Improvement Bonds, Series 2006, Sales and Use Tax Bonds, Series 2008, and Sales and Use Tax & Water and Sewer Revenue Bonds, Series 2009. The 2006 and 2008 Bonds were redeemed on September 1, 2013 and the 2009 Bonds were redeemed September 1, 2014. The reacquisition price exceeded the carrying amount of the old debt by \$1,483,000. The unamortized amount is netted against the new debt and is being amortized over the refunded debt's life using the straight-line method. The bonds were also issued to fund \$39.4 million in wastewater improvements; \$20.7 million in water system improvements; \$8.6 million in fire improvements; and \$4 million in aquatic center improvements. The bonds are due May 1, 2013 through May 1, 2027 in varying amounts with interest ranging from 1% to 5%, payable semiannually. The effective interest rate on the 2012 bonds is 3.05%. On March 13, 2012, voters approved the reauthorization of two ½% sales and use taxes for these bonds and for operation costs. The bonds are supported by .75% sales and use tax. The bonds are subject to mandatory redemption in inverse order from surplus tax collections on any payment date. During 2014, \$1,555,000 of the 2012 bonds was called. The remaining .25% sales and use tax is used for fire and park operations.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

On February 27, 2014, the city issued \$34.295 million in Sales and Use Tax Bonds, Series 2014. Citizens approved the bonds in a referendum on March 13, 2012. These are additional bonds for water and wastewater improvements. A total of \$6 million is allocated to water improvements including transmission lines, water storage and pump stations. A total of \$28 million is allocated to wastewater improvements including wet weather sewer improvements. The 2014 Bonds are supported by the ¾% local sales and use tax that supports the 2012 Sales and Use Tax Bonds and were issued on parity with the 2012 Bonds. The 2014 Bonds carry interest ranging from 2% to 5% through May 1, 2029. The bonds are subject to mandatory redemption in inverse order on any interest payment date from the collection of excess sales taxes. During 2014, \$1,555,000 of the 2012 bonds was called.

Bond Retirement - The City is required to maintain a debt service reserve equal to \$5,533,000 during the life of the 2012 Bonds and \$1,714,750 during the life of the 2014 Bonds. The City held U.S. Treasury Bills at a carrying amount of \$5,534,120 at December 31, 2014 for the 2012 Bonds and \$1,713,410 for the 2014 Bonds.

Maturity Schedule – The debt service requirements for the Sales Tax Bonds at December 31, 2014 is as follows:

Sales Tax Bonds Maturity Schedule

	Principal	Interest
2015	\$ 6,770,000	\$ 4,304,187
2016	6,965,000	4,109,586

Revenue Bonds - Business-Type Activities

Revenue bonds outstanding at December 31, 2014, are comprised of the following individual issues:

Water and Sewer:

\$7,330,000 of Series 2005B Water and Sewer Revenue Bonds; due in annual installments of varying amounts through October 1, 2025 with interest ranging from 4% to 4.375% payable semiannually	\$ 6,260,000
\$24,470,000 of Series 2007 Water and Sewer Revenue Bonds; due in annual installments of varying amounts through October 1, 2027 with interest ranging from 4% to 5% payable semiannually	18,045,000
\$117,420,000 of Series 2008 Water and Sewer Refunding and Construction Revenue Bonds; due in varying amounts through October 1, 2033 with interest ranging from 4% to 5.25% payable semiannually	112,445,000
\$18,920,000 of Series 2011 Water and Sewer Refunding Revenue Bonds; due in varying amounts through October 1, 2023 with interest ranging from 2% to 4.5% payable semiannually	13,870,000
\$13,250,000 of Series 2012 Water and Sewer Refunding Revenue Bonds; due in varying amounts through October 1, 2019 with interest ranging from 2% to 3.807% payable semiannually	<u>9,685,000</u>
Bonds outstanding, December 31, 2014	160,305,000
Unamortized bond discount	(24,567)
Unamortized bond premium	<u>2,345,904</u>
Net bonds outstanding, December 31, 2014	<u><u>\$ 162,626,337</u></u>

Water and Sewer-

On December 21, 2005, the City issued \$7,330,000 Water and Sewer Revenue Bonds, Series 2005B. The 2005B Bonds were issued to fund the purchase a portion of the South Sebastian County Water Users Association water system and to provide water services to the southern areas of Fort Smith.

On November 21, 2007, the City issued \$24,470,000 Water and Sewer Revenue Bonds, Series 2007. The 2007 Bonds were issued to provide funding for improvements to the water and sewer facilities including new sewer pump stations, sewer extensions in the southern growth area of the City, the Mountainburg water treatment plant rehabilitation and expansion, Midland Boulevard water transmission line replacement, neighborhood water line replacements, new water line from Mountainburg to the City, water storage tank painting, Lee Creek water plant instrumentation, and water transmission system metering. The 2007 Bonds were issued as additional bonds on a parity of security with the 2005B bonds.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

On August 6, 2008, the City issued \$117,420,000 Water and Sewer Refunding and Construction Revenue Bonds, Series 2008. The 2008 Bonds were issued to advance refund the 2002A Bonds and to provide funding for improvements to the water and sewer facilities. The sewer improvements include extensions in growth areas of the City and the water improvements include the Mountainburg water treatment plant rehabilitation and expansion, the replacement of neighborhood water lines, and the Howard Hill elevated water storage tank. The 2008 Bonds advance refunded \$66.475 million of the outstanding Series 2002A Bonds. The carrying amount of the old debt exceeded the reacquisition price by \$440,770. The unamortized amount is netted against the new debt and is being amortized over the refunded debt's life using the straight-line method. The remaining unamortized deferred amount on refunding was \$232,494 as of December 31, 2014. The 2008 Bonds were issued as additional bonds on a parity of security with the 2005B and 2007 bonds.

On November 10, 2011, the City issued \$18,920,000 Water and Sewer Refunding Revenue Bonds, Series 2011, to refund the outstanding \$2,325,000 of 2002B Series Bonds and to refund the outstanding \$16,595,000 of 2002C Series Bonds. The reacquisition price exceeded the carrying amount of the old debt by \$93,625. The unamortized amount is netted against the new debt and is being amortized over the refunded debt's life using the straight-line method. The deferred amount on refunding was \$62,417 as of December 31, 2014. The City completed the refunding to obtain an economic gain of \$1,372,849 over the remaining life of the bonds.

On February 23, 2012, the City issued \$13,250,000 Water and Sewer Revenue Refunding Bonds, Series 2012, to refund the outstanding 2005A Water and Sewer Revenue Refunding Bonds. The bonds are due in varying amounts on October 1, 2012 through 2019 with interest rates ranging from 2% to 3.807%, payable semiannually. The reacquisition price exceeded the carrying amount of the old debt by \$265,391. The unamortized amount is netted against the new debt and is being amortized over the refunded debt's life using the straight-line method. The deferred amount on refunding was \$151,562 as of December 31, 2014. The City completed the refunding to reduce its total debt service payments over the next seven (7) years by \$1,803,168 and to obtain an economic gain of \$1,115,323.

The Series 2005B, 2007, 2008, 2011 and 2012 Revenue Bonds are collateralized by revenue of the water and sewer system and the various special funds established by the authorizing bond ordinances. The ordinances provide that the revenue of the system is to be used first to pay operating and maintenance expenses of the system, second to establish and maintain the revenue bond funds and third to pay the cost of replacements made necessary by the depreciation of the system. Any remaining revenues may then be used for redemption of the bonds prior to maturity, as discussed previously, for the purchase of bonds at a price not to exceed par and accrued interest, for construction, extension, betterments and improvements to the system, or for any other lawful purpose.

City of Fort Smith, Arkansas

Notes to Basic Financial Statements

December 31, 2014

Per the Bond Authorizing Ordinances, the City covenants that the rates shall, if and when necessary, from time to time, be increased in such manner as will produce net revenues (net revenues being defined as gross revenues of the System less the amounts required to pay the costs of operation, maintenance, and repair of the System, including all expense items properly attributable to the operation and maintenance of the System in accordance with generally accepted accounting principles applicable to municipal water and sewer systems (excluding depreciation, interest and amortization expenses)) at least equal to 110% of current year's debt service on all System Bonds and the amount needed to make the deposits into the Depreciation Fund and the Debt Service Reserve and to reimburse bond insurers for any amounts owed in connection with a Qualified Surety Bond.

The ordinances also contain provisions that, among other items, restrict the issuance of additional revenue bonds unless the special funds noted above contain the required amounts and certain financial ratios are met. As of December 31, 2014, the City is in compliance with all applicable requirements except for the debt service coverage requirement of 110%. At December 31, 2014, the debt service coverage is 97%. The city's bondholders have been notified regarding this matter. However, the City may not authorize or issue any such additional bonds ranking on a parity of security with outstanding Bonds, unless and until either: (1) there shall have been procured and filed with the Trustee a statement by an Accountant reciting that, based upon necessary investigation, the net revenues of the System for the fiscal year immediately preceding the fiscal year in which it is proposed to issue such additional bonds shall equal not less than 125% of the average annual principal and interest requirements on the System Bonds then outstanding and the additional bonds proposed to be issued; or (2) there shall have been procured and filed with the Trustee a statement by an Accountant reciting, based upon necessary investigation, that the net revenues of the system for the next ensuing fiscal year as reflected by a certificate of a duly qualified consulting engineer not in the regular employ of the City and approved by the Trustee, and taking into consideration any rate increase, shall be equal to not less than 130% of the average annual principal and interest requirements on all of the System Bonds then outstanding and the additional bonds then proposed to be issued. See *Note 14* for increase in sewer rate approved after year-end.

Restricted accounts required by the bond ordinances are as follows:

Bond Retirement - The City is required to restrict funds for the payment of principal, interest, and trustee and paying agents' fees up to a maximum of \$727,354 related to the 2005B Bonds, \$1,891,369 related to the 2007 Bonds, \$11,712,104, related to the 2008 Bonds, \$1,892,000 related to the 2011 Bonds and \$1,325,000 related to the 2012 Bonds. The City held surety bonds valued at \$727,354, \$1,891,369, \$11,712,104, \$1,892,000 and \$1,325,000 at December 31, 2014 for this purpose.

Asset Replacement- The City is required to deposit 3% of the gross revenues of the water and sewer system for the then preceding month plus \$5,000 per month until the sum of \$500,000 has been accumulated in the Depreciation Fund. Amounts are to be used for replacements made necessary by the depreciation of the system. The City has accumulated \$1,400,000 for asset replacement as of December 31, 2014.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements

2019	6,990,000	6,610,029
2020-2024	39,850,000	28,178,670
2025-2029	50,725,000	17,311,123
2030-2032	37,055,000	3,765,750
Total	<u>\$ 160,305,000</u>	<u>\$ 84,590,021</u>

Component Units Revenue Bonds-Business-Type Activities

Airport Commission-

On August 2, 2011, the Airport Commission issued \$3,205,000 of City of Fort Smith, Arkansas Airport Refunding and Improvement Revenue Bonds, Series 2011, to refund the remaining outstanding Series 1999 Bonds. The bonds bear interest at 1.5% to 5.35%, payable semi-annually and the bonds are payable in annual installments through October 1, 2026. All the bonds still outstanding may be redeemed at the Airport's option on or after October 1, 2020. At December 31, 2014, bonds payable were \$2,675,000.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Maturities of revenue bonds payable for succeeding years are as follows:

	Principal	Interest
2015	\$ 180,000	\$ 120,967
2016	190,000	115,658
2017	195,000	109,387
2018	200,000	102,368
2019	210,000	94,567
2020-2024	1,190,000	318,229
2025-2026	510,000	39,582
Total Payments	\$ 2,675,000	\$ 900,758

The bond covenants require the maintenance of the following restricted account:

Bond Retirement - The Airport Commission is required to maintain funds for the payment of principal, interest and trustee and paying agents' fees of \$380,141, which are classified as restricted assets on the balance sheet, as of December 31, 2014. The Airport Commission held cash and investments equal to this amount at December 31, 2014.

Parking Authority-

In November 1998, the Parking Authority issued \$2,025,000 of Parking Facilities and Refunding and Improvement Revenue Bonds, Series 1998. Together with \$675,000 of existing funds, approximately \$2,072,000 of the net proceeds were being used to acquire and improve off-street parking facilities, including necessary demolition, and \$849,000 was used to redeem \$825,000 of Series 1989 Bonds issued on January 1, 1989. The Parking Facilities Refunding and Improvement Revenue Bonds are collateralized by the revenues derived from the operations of parking facilities and by the revenues derived from parking meters located in the City. The Parking Facilities Bonds were redeemed prior to maturity on October 1, 2014. The bonds are considered defeased.

Applicability of Federal Arbitrage Regulations

Debt issuances of the City and various Authorities issued after the Tax Reform Act of 1986 are subject to the federal arbitrage regulations. The arbitrage rebate regulations require that all earnings from the investment of gross proceeds of a bond issue in excess of the amount that could have been earned had the yield on the investment been equal to the yield on the bonds be remitted to the federal government. These rules carry strict penalties for noncompliance including taxability of interest retroactive to the date of the issue. City management believes the City is in compliance with these rules and regulations.

At December 31, 2014, the City has no arbitrage payable.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Conduit Debt Obligations

From time to time, the City has issued various bonds to provide financial assistance to private sector entities for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest. The bonds are secured by the property financed and are payable solely from payments received on the underlying mortgage loans. Upon repayment of the bonds, ownership of the acquired facilities transfers to the private-sector entity served by the bond issuance. Neither the state, the City, nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported in the accompanying financial statements.

As of December 31, 2014, there were fifteen series of Industrial Development Revenue Bonds outstanding with an aggregate principal amount payable of \$282,600,000, two series of Fair and Exhibition Facilities Bonds outstanding with an aggregate principal amount payable of \$5,865,000, and two series of Residential Housing Facilities Board Multi-Family Housing Revenue Bonds outstanding with an aggregate principal payable of \$6,375,000.

Note 5: Risk Management

The City is exposed to various risks of loss related to the City's self-insurance of workers' compensation and health and other medical benefits provided to employees and retirees, and their dependents and beneficiaries. The City accounts for these programs through the Employee Insurance Fund and Workers' Compensation Fund. Each fund is an internal service fund. In addition, the City limits property and casualty losses and manages risk through the purchase of insurance policies with several different carriers. The City has not recognized any settlements that exceeded insurance coverage during the past three years.

All funds of the City participate in the City's insurance programs and make payments to the respective self-insurance funds based on estimates of the amounts needed to pay prior and current year claims and to establish a reserve for future claims. The Airport Commission and the Fort Smith Public Library participate in the City's health plans by making contributions as required by the City. At December 31, 2014, the net position was \$18,004 and \$297,635 in the Employee Insurance and Workers' Compensation Funds, respectively. The claims liability balances of \$1,775,092 and \$757,728 reported in the Employee Insurance and Workers' Compensation Funds, respectively, are based on the requirements of GASB Statement 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, which requires that a liability for claims be reported if information prior to the issuance of the financial statements indicates that it is probable that a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. The claims liability includes the effect of specific incremental claims, adjustment expenses, and if probable and material, salvages and subrogation. These liabilities include accruals for claims incurred but not reported, based upon the City's historical claims rate. These liabilities are the City's best estimate based on available information. Changes in the reported liabilities during 2014 are detailed below:

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

	Employee Insurance	Workers' Compensation
Self-insurance liability, December 31, 2012	\$ 1,577,600	\$ 392,013
Current year claims and changes in estimate	8,180,374	1,617,461
Claim payments	(8,197,550)	(1,189,745)
Self-insurance liability, December 31, 2013	1,560,424	819,729
Current year claims and changes in estimate	9,467,377	151,173
Claim payments	(9,252,709)	(213,174)
Self-insurance liability, December 31, 2014	\$ 1,775,092	\$ 757,728

Note 6: Deferred Compensation Plan

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. International City Management Association Retirement Corporation (ICMARC) administers the Plan. All assets and income of the trust are for the exclusive benefit of eligible employees and their beneficiaries. The City does not have any fiduciary responsibility or administrative duties relating to the deferred compensation plan other than remitting employees' contributions to the trustees. Accordingly, the City has not presented the assets and liabilities from the plan in these basic financial statements. Deferred compensation investments are held by outside trustees. Plan investments are chosen by the individual (employee) participant and include mutual funds whose focus is on stocks, bonds, treasury securities, money market-type investments or a combination of these.

The Plan, available to all permanent City employees, permits them to defer until future years up to 25% of annual gross earnings not to exceed \$17,500. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency.

Note 7: Pension Plans

(a) Public Employees Retirement System

Plan Description

Effective April 1, 1997, the Public Employees' Retirement System (PERS) was converted to a money purchase retirement plan, a defined contribution plan, that is qualified under Section 401(a) of the Internal Revenue Code (the 401(a) Plan). ICMARC serves as administrator of the 401(a) Plan. All full-time, non-uniformed employees with the exception of the three district judges and the District Court Clerk are covered by the 401(a) Plan. Each participant has a plan account to

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

which the contributions are made and each participant manages their account by selecting various investments options offered by ICMARC. Plan benefits are based upon the total amount of money in an individual's account at retirement. Plan provisions and contribution rates are established by the 401(a) Plan agreement between the Board and ICMARC. Approval from both the Board and ICMARC is required for 401(a) Plan amendments. Employees make no contributions to the 401(a) Plan; however, the City makes contributions equal to 10% of each covered employees' earnings. Employer contributions to the PERS plan totaled \$2,505,292 for 2014.

The present value of each PERS active member account at March 31, 1997, was transferred to ICMARC in the participant's name. An annuity contract from an insurance company was purchased to continue to provide benefit payments to beneficiaries of PERS. The remaining balance of approximately \$1,700,000 was transferred to the Employee Insurance Fund to provide for future employee benefits. Additionally, the contract was purchased whereby all beneficiaries will receive a 3% cost of living adjustment every three years beginning January 1, 1998. The present value of the deferred members of PERS may be withdrawn or rolled into a qualified plan at the member's choice.

(b) District Judges and Court Clerk's Retirement System

On January 1, 2005, the district judges became members of the Arkansas District Judges Retirement System (ADJRS). ADJRS is administered by the state as a defined benefit plan. Employer contributions for 2014 were made by the State.

On January 1, 2005, the district court clerk became a member of the Arkansas Public Employees' Retirement System (APERS). APERS is administered by the state as a defined benefit plan. The employer contribution rate was 14.88% from January 1 through June 30, 2014 and it was 14.76% from July 1 through December 31, 2014 of covered payroll. The Clerk's contribution rate was 5% of covered payroll for 2014.

Covered payroll for the clerk was \$89,533 for the fiscal year ended December 31, 2014. There is one retired clerk receiving benefits from APERS.

(c) Fire Relief and Pension Plan and Police Relief and Pension Plan (the Old Plans)

Plan Description

The Fire Relief and Pension Plan and the Police Relief and Pension Plan (the Old Plans) are an agent multiple-employer defined benefit pension plans for employees of the Fire and Police Department who were hired prior to January 1, 1983. The Old Plans were established in accordance with Arkansas statutes and were closed, by state law, to new employees effective January 1, 1983. On September 20, 1990, the City entered into an agreement with the Arkansas local police and fire (LOPFI) retirement system whereby LOPFI assumed responsibility for administration and a portion of the obligation of the Old Plans pursuant to Act 364 of 1981, as amended, and Act 655 of 1983 of the General Assembly of the State of Arkansas. Per the Agreement between the City and LOPFI, the City will contribute an actuarially determined rate sufficient to support the current plan benefit levels and fund the Old Plan's net pension obligation over a 30 year open amortization period. The Old Plan's benefit structure remains unchanged

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

under the administration by LOPFI. The Old Plans issue separate stand-alone financial statements and can be obtained from the Arkansas Local Police and Fire Retirement System, 620 West 3rd Street, Little Rock, Arkansas, 72201.

Members and participants of the old plans at December 31, 2014 are:

	Fire	Police
Active Members:		
Vested	2	0
Retirees and beneficiaries	119	92
Total	121	92

Pension benefit provisions and all other requirements, including vesting, are established by state statute. Participants in the Old Plans became eligible for membership as of the first date of employment. Members of the Old Plans who retire with 20 years of credited service are entitled to a retirement benefit payable monthly for life equal to one-half of the participant’s annual salary. Employees become vested after 20 years of service. Members with more than 25 years of service credit may be entitled to a maximum of 100% of their highest annual salary.

Funding Policy and Funded Status

Arkansas state statutes require yearly contributions at a level percentage of covered payroll sufficient to cover the costs of benefit commitments made to participants for their service rendered in that year and, over a reasonable period of time, to fully cover the unfunded costs of benefit commitments for services previously rendered. The City is required to contribute the actuarially required normal costs and amortized costs of the unfunded actuarial accrued liability. In addition, active employees are required to make contributions equal to 6% of their gross salary to the Old Plans. The contributions for the 2014 plan year were based upon the December 31, 2013, actuarial report.

Arkansas LOPFI plan administration policy, as required by state statutes, contains the following provisions: segregate all of the plan’s retired participants and fund future benefit payments at 100%; remove these retirees as City obligations while the City realizes the remaining, net unfunded obligation on the segregated retirees; amortize these funded, accrued liabilities over a closed period of 40 years that began September 20, 1990; if the length of the financing period for unfunded liabilities causes closed plan assets to temporarily dip below zero, Arkansas LOPFI would loan the shortages until the financing period is complete as, at that time, Arkansas LOPFI will have been fully reimbursed including investment credits.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

The actuarially required contributions rate as of December 31, 2014, 2013, and 2012, and amounts required by the City and active participants of the Old Plans for 2014, 2013, and 2012 were as follows:

	Fire Plan			Police Plan		
	2014	2013	2012	2014	2013	2012
Employer actuarially required contribution rates	38.94%	40.16%	40.68%	31.36%	30.36%	28.74%
Employer contributions as a percentage of annual covered payroll	38.94%	40.16%	40.68%	31.36%	30.36%	28.74%
Employer contributions to LOPFI	\$ 68,060	\$ 163,405	\$ 217,033	\$ 16,963	\$ 56,259	\$ 55,323
Annual Pension Cost (APC)	\$ 68,060	\$ 163,405	\$ 217,033	\$ 16,963	\$ 56,259	\$ 55,323
Percentage of APC contributed	100%	100%	100%	100%	100%	100%
Net pension obligation	-	-	-	-	-	-

The Fire portion of the Old Plan, as of December 31, 2013, the most recent actuarial valuation date, was 42% funded. The actuarial accrued liability for benefits was \$34,879,595, and the actuarial value of assets was \$14,543,880, resulting in an unfunded actuarial accrued liability (UAAL) of \$20,335,715. The covered payroll (annual payroll of active employees covered by the plan) was \$8,400,715 and the ratio of the UAAL to the covered payroll was 242.1%.

The Police portion of the Old Plan, as of December 31, 2013, the most recent actuarial valuation date, was 34% funded. The actuarial accrued liability for benefits was \$25,426,159, and the actuarial value of assets was \$8,557,300, resulting in an unfunded actuarial accrued liability (UAAL) of \$16,868,859. The covered payroll (annual payroll of active employees covered by the plan) was \$8,186,136 and the ratio of the UAAL to the covered payroll was 206.1%.

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Actuarially determined amounts are subject to revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, will present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Actuarial Methods and Assumptions

The following actuarial methods and assumptions were used to compute the contribution rates for the year ended December 31, 2014, for the Old Plans:

	Old Fire and Police Plans
Valuation date	December 31, 2013
Cost method	Entry age
Asset valuation method	Smooth market over a period of 5 years
Amortization method	Level percentage
Amortization period	23 years closed
 Assumptions:	
Inflation rate	4.0%
Investment rate of return	8.0%
Projected salary increases	4.0%
Post-retirement benefit increases	3.0%

d) Arkansas Local Police and Fire Retirement System (the New Plans)

Plan Description

The Arkansas Local Police and Fire Retirement System (LOPFI) is a statewide cost-sharing multiple employer defined benefit retirement program administered by the LOPFI Board of Trustees. LOPFI provides retirement, disability and survivor benefits to police and fire employees of political subdivisions of the State of Arkansas. LOPFI was created by Act 364 of the 1981 General Assembly. Employees hired after January 1, 1983, whose political subdivision had a retirement system in effect at July 1, 1981, are eligible to participate in the plan. LOPFI issues a publicly available report, which may be obtained by writing to LOPFI, 620 West 3rd Street, Little Rock, Arkansas 72201, or by calling (501) 682-1745.

Funding Policy and Funded Status

The City contributes 38.94% of covered employee salaries' to the new plan for firefighters and 31.36% of covered employee salaries' to the new plan for police officers. Employees contributed \$1,394,347 to the contributory plan for the year ended December 31, 2014. City contributions to the new plans for the years ended December 31, 2014, 2013, and 2012, were approximately \$5,753,389, \$5,599,856, and \$5,162,533, respectively, and were equal to 100% of the required contributions for each year. The contribution provisions applicable to the City are established by the LOPFI Board of Trustees and shall be based on the actuary's determination of the rate required to fund the New Plans.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Note 8: Other Postemployment Benefits (OPEB)

Plan Description

The City of Fort Smith sponsors and administers an informal single-employer defined benefit healthcare plan that provides coverage for medical, dental and vision benefits. Arkansas statute provides that any municipal city official or employee vested in any of the City's retirement plans with 20 years of service and attains 55 years of age may continue to participate in the City's healthcare plan after retirement. In addition, members employed at least 5 years with age plus service exceeding 70 at retirement are eligible for benefits. The State of Arkansas has the authority to establish and amend the requirements of this statute. The City does not issue stand-alone financial statements of the plan but all required information is presented in this report.

Contributions: The contribution requirements of plan members are established by City Council and may be amended as needed. Plan members pay the entire cost of monthly insurance premiums at the same rate charged to active employees and receive a benefit from the blended premium rate from all of the employees participating in the City's health insurance plans. Employees are required to elect the coverage at the time of termination. The City is not required to make contributions to the plan on behalf of the retirees. The plan has 876 active participants and 26 retirees and beneficiaries receiving benefits who pay monthly premiums between \$459 for single coverage and \$1,289 for family coverage. Administrative costs of the plan are financed through investment earnings and employer contributions.

Summary of Significant Accounting Policies

Basis of Accounting: The financial statements of the plan are presented as a trust fund in the City's Comprehensive Annual Financial Report (CAFR) and are prepared on the accrual basis of accounting. Employer contributions are recognized when due and the employer has made a formal commitment to provide the contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

Method Used to Value Investments: Fund investments are reported at fair value. The City's investment policies are defined in Note 2 of the financial statements.

Funded Status and Funding Progress

Annual OPEB Cost and Net OPEB Obligation: The City's annual other postemployment benefit (OPEB) expense is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed thirty years. The following table shows the components of the City's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the City's net OPEB obligation:

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Annual required contribution (ARC)	\$ 4,182,987
Adjustment to ARC	(1,127,151)
Interest on net OPEB obligation	<u>847,020</u>
Annual OPEB cost	3,902,856
Total annual employer contribution	<u>10,197</u>
Increase in net OPEB obligation	3,892,659
Net OPEB obligation - beginning of year	<u>17,832,005</u>
Net OPEB obligation - end of year	<u><u>\$ 21,724,664</u></u>

The net OPEB obligation is recorded in the government-wide statement of net position as non-current liabilities due in more than one year for governmental activities at \$14,685,873 and for business-type activities at \$7,038,791. Furthermore, the obligation for business-type activities is reflected on the statement of fund net position for proprietary funds as non-current liabilities for the Water and Sewer Fund (\$4,801,151) and for the Sanitation Fund (\$2,237,640).

The components of the annual required contribution (ARC) calculation reflecting a 30 year amortization period is as follows:

Normal cost	\$ 2,000,193
Amortization of transition obligation	<u>2,182,794</u>
Annual required contribution	<u><u>\$ 4,182,987</u></u>

The City's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation for 2014, 2013, and 2012 is as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
12/31/2014	\$ 3,902,856	0.00%	\$ 21,724,664
12/31/2013	4,807,529	1.90%	17,832,005
12/31/2012	4,437,022	1.98%	13,115,718
12/31/2011	3,450,496	35.15%	8,766,762

Funded Status and Funding Progress: As of January 1, 2014, the most recent actuarial valuation date, the plan was 4.1% funded. The actuarial accrued liability for benefits was \$35,992,306, and the actuarial value of assets was \$1,483,531, resulting in an unfunded actuarial accrued liability (UAAL) of \$34,508,775. The covered payroll (annual payroll of active employees covered by the plan) was \$42,608,739, and the ratio of the UAAL to the covered payroll was 81.0%.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the plan and the annual required contributions of the employer are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, will present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Actuarial Methods and Assumptions: Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and the plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

In the January 1, 2014, actuarial valuation, the projected unit credit cost method was used. The actuarial assumptions included a 4.75% investment rate of return based upon funding the plan in the future, a 4.75% inflation rate, and an annual healthcare cost trend rate of 10% for 2014 and then reduced by decrements of 0.5% to 1.0% annually to an ultimate rate of 4.5% after seven years. The UAAL is being amortized as a level percentage of projected payrolls on an open basis. The remaining amortization period at December 31, 2014, was twenty-four years.

Note 9: Commitments and Contingencies

Litigation

In the course of business, a number of claims and lawsuits arise from individuals seeking compensation for personal injury and/or property damage resulting from accidents occurring in the City. In addition, the City has been named as a defendant in a number of lawsuits relating to personnel and contractual matters. Management does not believe that the outcome of these claims will have a material adverse effect on the City's financial position. The City appropriates funds necessary to meet settlements and awards. The City accrues a liability when it is incurred and when the contingency is probable and reasonably estimable. At December 31, 2014, the City has accrued a liability in the amount of \$82,500.

Contingencies

The City has received federal and state financial awards in the form of grants and entitlements that are subject to review and audit by the grantor agencies. Such audits could result in requests for reimbursement by the grantor agency for expenditures disallowed under terms and conditions specified in the grant agreements. In the opinion of City management, such disallowances, if any, will not be significant.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

For the past several years, the City previously was subject to various administrative orders issued by the Environmental Protection Agency (EPA) with reference to the sanitary sewer system's ability to adequately handle wet weather flows. The City negotiated with the Department of Justice and a Consent Decree was entered April 6, 2015. A \$300,000 civil penalty has been paid by the City. In the event that the City does not comply with certain requirements of the Consent Decree, the City would be subject to the stipulated penalties provided for in the Consent Decree.

Note 10: Individual Fund Disclosures

Interfund receivables and payables as of December 31, 2014 are as follows:

Fund	Receivables	Payables
Governmental Funds:		
General Fund	\$ 5,036	\$ 50,000
Special Revenue Funds	-	5,450
Proprietary Funds:		
Internal Service Funds	<u>50,414</u>	<u>-</u>
Total	<u><u>\$ 55,450</u></u>	<u><u>\$ 55,450</u></u>

The \$5,036 receivable in the General Fund represents amounts paid for expenditures incurred by the Community Development Block Grant Fund. The \$50,000 payable in the General Fund is due to the Employee Health & Wellness Fund for claims expenses. The \$414 receivable in the Working Capital Fund, an internal service fund, represents charges to the Community Development Block Grant Fund for fuel and supplies.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Interfund transfers in (out) for the year ended December 31, 2014, is as follows:

Fund	Transfers	
	In	Out
Primary Government -		
Governmental Funds:		
Major funds:		
General Fund	\$ 2,899,200	\$ 967,000
Special revenue -		
Street Maintenance Fund	-	129,000
Sales Tax Fund	-	2,632,200
Capital projects -		
Sales and Use Tax Construction Fund	33,208,929	-
Debt service -		
Sales and Use Tax Bond Fund	-	33,208,929
Non-major funds:		
Special revenue	777,000	-
Total governmental funds	36,885,129	36,937,129
Proprietary Funds:		
Water and Sewer Fund	-	168,000
Sanitation Fund	90,000	219,000
Internal Service Funds	349,000	-
Total proprietary funds	439,000	387,000
Total primary government	\$ 37,324,129	\$ 37,324,129

The transfer out of \$2,632,000 from the Sales Tax Fund is to the General Fund and represents the allocation of overhead costs provided by General Fund programs during 2014. The transfers out from the General Fund include \$777,000 to the Convention Center Fund. The \$33,208,929 transfer into the Sales Tax construction Fund is for the 2014 Sales and Use Tax 2014 Bond proceeds from the Sales and Use Tax Bond Fund. Of the \$349,000, transferred in to the Employee Insurance Fund, \$100,000 was from the General Fund, \$79,000 was from the Water and Sewer Fund, \$130,000 was from the Sanitation Fund, and \$40,000 was from the Street Maintenance Fund.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

Note 11: Landfill Closure and Post Closure Care Costs

In October 1991, the EPA issued rules and regulations which require the City to place a final cover on its Municipal Solid Waste Landfill (MSWLF) when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for a period of 30 years following closure of the site.

In 1994, the City adopted GASB Statement 18, *Accounting for Municipal Solid Waste Landfill Closure and Postclosure Care Costs*. This statement requires that the City recognize a portion of the closure and postclosure care costs referred to above as an operating expense in each fiscal year based on landfill capacity used as of each fiscal year-end, even though such costs will be paid only near or after the date that the landfill stops accepting waste.

The City's permitted landfill capacity is 72,607,000 cubic yards. The life of the landfill is projected to last for 203.5 years. The landfill was opened on October 9, 1993. The City's reported landfill closure and postclosure care liability at December 31, 2014, is \$4,599,595. The remaining estimated closure and postclosure care costs of approximately \$33.6 million will be recognized as the remaining capacity is filled. The percentage of landfill capacity used to date was approximately 10.5% at December 31, 2014. These amounts are based upon annual engineering estimates of what it would cost to perform all closure and postclosure costs, based on the City's approved closure plan, through December 31, 2014. Actual costs may be significantly higher due to inflation, changes in technology, or changes in regulations by the Arkansas Department of Environmental Quality.

The City is required by state and federal laws and regulations to make annual contributions to a trust to finance closure and postclosure care costs. The amount of financial assurance required by the state as of December 31, 2014, is \$7,805,038. In order to comply with this requirement, the City held an irrevocable standby letter of credit with BancorpSouth that is pledged to the Arkansas Department of Environmental Quality in the amount of \$7,727,000 at December 31, 2014. The city has also pledged a certificate of deposit investment as collateral for the letter of credit. The City will increase the value of the letter of credit and certificate of deposit held as collateral to meet the required level of financial assurance during 2015.

Note 12: New Applicable GASB Standards

GASB Statement No. 68 – Accounting and Financial Reporting for Pension

This statement establishes standards of accounting and financial reporting for defined pension benefit pensions and defined contribution pensions provided to the employees of state and local governmental employers that are administered through trusts or equivalent arrangements. GASB 68 amends GASB Statement No. 27, *Accounting for Pensions by State and Local Governmental Employers*. The provisions of GASB 68 are effective for periods beginning after June 15, 2014, and would be applied on a prospective basis. The City has not yet determined the potential impact, if any, this statement could have on its financial statements.

City of Fort Smith, Arkansas
Notes to Basic Financial Statements
December 31, 2014

GASB Statement No. 71 – Pension Transition for Contributions Made Subsequent to the Measurement Date

This statement is to address an issue regarding application of the transition provisions of Statement 68, *Accounting and Financial Reporting for Pensions*. The issue relates to amounts associated with contributions, if any, made by a state or local government employer or nonemployer contributing entity to a defined benefit pension plan after the measurement date of the government's beginning net pension liability. The provisions of GASB 71 are required to be applied simultaneously with the provisions of GASB Statement 68. The City has not yet determined the potential impact, if any, this statement could have on its financial statements.

GASB Statement No. 72 – Fair Value Measurement and Application

This statement is addresses accounting and financial reporting issues related to fair value measurements. The definition of fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The provisions of GASB 72 are effective for periods beginning after June 15, 2015, and would be applied on a prospective basis. The City has not yet determined the potential impact, if any, this statement could have on its financial statements.

Note 14: Subsequent Events

Sales Taxes:

On May 12, 2015, the 1% local sales and use tax assessed by the City was reapproved for an additional 10 years. The tax is authorized through 2025. The tax is allocated for streets, bridges and associated drainage.

Rate Increases:

On April 7, 2015, the Board of Directors adopted sewer rate increases to provide for the wastewater system improvements and management plans required by the consent decree with the Department of Justice. The first rate increase was effective May 1, 2015 and approximates an average 30% increase. Additional rate increases were approved and become effective January 1, 2016 and January 1, 2017.

Notes to Required Supplementary Information
December 31, 2014

Budgets and Budget Accounting

By December 1 of each year, the City Administrator is required to submit to the Board of Directors (“Board”) a proposed budget for the fiscal year beginning on the following January 1. The operating budget includes proposed expenditures and the means of financing them. Public hearings are conducted prior to adoption of the budget to allow citizen input. The state statute governing adoption of annual budgets requires the Board to approve the budget prior to February 1. For practical purposes, the Board usually adopts the budget in December.

Annual budgets are legally adopted for the General Fund and the Street Maintenance Fund, a special revenue fund.

The City Administrator is authorized to transfer budgeted amounts within departments; however, the Board must approve any revisions that alter the total expenditures of any department. The General Fund appropriations increased by \$1,644,490 for 2014. The supplemental appropriations (expenditures and transfers out) included \$950,180 for the fire department capital projects provided by the ¼% sales tax; \$685,700 for the parks department additional personnel and capital projects funded by the ¼% sales tax; and to provide \$8,610 in payments to Chaffee Crossing for economic development. During 2014, the Board adopted supplemental appropriations for the Street Maintenance Fund totaling \$27,395 to provide additional replacement capital acquisitions. For budgetary purposes, unencumbered appropriations lapse at year-end.

The budgets for the General Fund and the Street Maintenance Fund are prepared on a basis that differs from GAAP. The difference between budget and GAAP basis is that encumbrances are recorded as the equivalent of expenditures (budget) as opposed to an assignment of fund balance (GAAP). Accordingly, encumbrances have been reflected in the budget and actual schedules as budget adjustments to provide a more meaningful comparison. Budget and actual schedules are presented at the departmental level that is the legal level of budgetary control.

SUPPLEMENTARY INFORMATION SECTION

City of Fort Smith, Arkansas
Nonmajor Governmental Funds
For the Fiscal Year Ended December 31, 2014

Special Revenue Funds:

Community Development Block Grant (CDBG) - To account for the operations of projects utilizing CDBG funds. Such revenues are restricted to expenditures for specified projects by the Department of Housing and Urban Development.

Tilles Park- To account for donations received from the Tilles family estate. The money received is restricted for upgrading and maintaining Tilles Park.

HOME Investment Partnership Act- To account for federal funds administered by the Community Housing Development Organizations (CHDO) and other subrecipients to provide assistance for affordable housing.

Special Grants- To account for federal, state, and local grants received by the City. Current grants include: Department of Justice grants for personnel and equipment, Arkansas historic preservation grants, and a local grant from Sebastian County for drug law enforcement projects. These funds are restricted to expenditures for approved projects of the various agencies.

LOPFI Contribution- To account for the funding of contributions made to the Police and Fire Relief and Pension Plans administered by Arkansas LOPFI.

Economic Development- To account for State grants provided as pass-through funding to local entities for infrastructure improvements.

Convention Center- To account for operations of the convention center. The rental revenue generated by the center and a subsidy from the General Fund are accounted for in this fund. The City has an agreement with the Advertising & Promotion Commission (A & P) whereby the A & P manage the center.

STATISTICAL SECTION

City of Fort Smith, Arkansas

Statistical Section

This section of the City of Fort Smith comprehensive annual financial report (CAFR) presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information reflects about the City’s overall financial health.

Contents	Page
Financial Trends (Tables 1-5)	
These schedules contain trend information to assist the reader in understanding how the City’s financial performance and well-being have changed over time	127
Revenue Capacity (Tables 6-11)	
These schedules contain information to help the reader assess the City’s most significant revenue sources, local sales taxes and property taxes	133
Debt Capacity (Tables 12-15)	
These schedules present information to help the reader assess the affordability of the City’s current levels of outstanding debt and the City’s ability to issue additional debt in the future	139
Demographic and Economic Information (Tables 16-17)	
These schedules offer demographic and economic indicators to assist the reader in understanding the environment within which the City’s financial activities take place	143
Operating Information (Tables 18-20)	
These schedules contain service and infrastructure data to help the reader understand how the information in the City’s financial report relates to services the City provides and the activities it performs	145
Continuing Disclosure Requirement Information (Tables 21-22)	
These schedules provide information required to be disseminated for investors of City debt. By including this data, the CAFR may be used as the document that provides all debt covenant required reports and information	148

Sources: Unless otherwise noted, the information in these schedules is derived from the comprehensive annual financial reports for the relevant year.

2014	11,733,339	55,823,661	6,780,156	74,337,156

(1) The City began collecting a 1% sales tax for street projects in November 1985, a 1/2% sales tax for bond retirement in January 1998 through June 2004, and the City share of the county 1% sales tax in August 1994. In May 2006, the City began collecting a 1% sales tax for bond retirement. The sales taxes for bond retirement are now used to support the 2012 sales and use tax bonds. This 1% sales tax, reapproved in March 2012, is split 3/4% for bond retirement and 1/4% for General Fund programs. The 2012 sales and use tax bonds were issued for general government uses and business-type activities. The business-type activity improvements are recorded as contributions on the fund financial statements.

(1) The City Sales and Use Tax allocated for construction, repair and maintenance of street, bridge and associated drainage improvements was initially assessed in 1985 for a period of 10 years. The tax has been reauthorized through 2015. The tax is accounted for in the Sales Tax Fund, a special revenue fund.

(2) Sebastian County began assessing a 1% Sales and Use Tax August 1, 1994. The City receives a share of the tax based upon its population within Sebastian County. The City allocates its share of the tax to its General Fund. The tax has been reauthorized through 2024.

(3) Prior to May 2006, the City assessed two 1/2 % City sales and use taxes to total 1% for bond redemption. The first 1/2% was allocated to redeem the City of Fort Smith Sales and Use Tax Bonds, Series 1997. The 1997 Bonds were issued to fund the construction for the convention center, public library facilities, and riverfront park projects. The tax became effective January 1, 1998. The second 1/2% was allocated to redeem the City of Fort Smith Sales and Use Tax Bonds, Series 2001. The 2001 Bonds were issued to fund a portion of the Lake Fort Smith water supply expansion project and to fund wastewater improvements. The tax for the 2001 Bonds became effective May 1, 2001. The 1997 Bonds were redeemed in June 2004 and now the entire 1% tax is allocated to the repayment of the 2001 Bonds. In May 2006, the 1% sales and use tax was approved to support the issuance of City of Fort Smith Sales and Use Tax Refunding and Construction Bonds, Series 2006. The 2006 Bonds were issued to refund the outstanding 2001 Bonds, acquire a public safety and utility radio communication system, and provide wastewater improvements in accordance with an EPA administrative order. In November 2008, additional sales and use tax bonds were issued to provide more funding for the radio project and the wastewater projects. In September 2009, additional sales and use tax bonds were issued for more wastewater projects. The 2009 Bonds will be paid with the sales and use tax once the 2006 and 2008 Bonds are redeemed. The 2009 Bonds interest payments are currently being supported by a temporary sewer rate that is in effect until the 2006 and 2008 Bonds are redeemed. In January 2010, the City issued additional sales and use tax bonds for even more wastewater projects. The 2006, 2008, and 2010 Bonds are supported by the 1% sales and use tax. Once these bonds are redeemed, the 1% sales and use tax will support the 2009 Bonds and the temporary sewer rate will be discontinued. The 2010 were redeemed in full during 2010. In May 2012, the city issued sales and use tax bonds to provide for water improvements, wastewater improvements, fire facilities and apparatus, and for an aquatics park in conjunction with Sebastian County. The outstanding 2006, 2008 and 2009 bonds were called by the 2012 bonds. The temporary sewer rate was removed in early July 2012. Beginning October 1, 2012, the 1% sales tax is split with 3/4% allocated to the redemption of the 2012 bonds and 1/4% allocated to operations in the fire and parks departments.

(1) Total tax levy is based upon valuation of previous year and has been adjusted for the homestead tax relief for property owners which became effective for the 2001 fiscal year. The tax levy for this schedule represents the City's levy for its General Fund and for the police and fire pension contributions in the LOPFI Fund, a special revenue fund. The city also receives one-half of the collections from the county levy in its Street Maintenance Fund, a special revenue fund.

(1) For purposes of this schedule, revenue includes operating revenue, interest revenue, and gross other nonoperating revenue.

(2) Excludes depreciation expense and amortization expense.

(3) Total interest paid for the fiscal year is presented in this schedule for revenue bonds only and it does not include capitalized interest or accrued interest.

2013 reconciliation of interest paid reported on this schedule to the statement of revenues, expenses, and changes in fund net assets for the proprietary funds:

	Water & Sewer
Interest paid - this schedule	\$ 7,728,715
Capitalized interest	-
Accrued interest - 12/31/13	(1,932,179)
Accrued interest - 12/31/14	1,878,187
	<u> </u>
Interest expense - statement of revenues, expenses, and changes in fund net position	<u>\$ 7,674,723</u>

(4) The solid waste system revenue bonds were redeemed in full during 2011. There are no revenue bonds outstanding at December 31, 2012 - 2014 for the solid waste system.

NA - not available

(1) During 2003, the City acquired an additional 400 acres of land for the landfill. The landfill permit was expanded from a storage capacity of 13,507,000 cubic yards to 72,607,000 cubic yards.

The 2005 engineering survey indicated that the capacity remaining at the landfill increased between 2004 and 2005 due to the construction of Phase 4 of the landfill project.

(2) Police sub-stations were not reported prior to 2006.

Independent Auditor's Report on Compliance With Certain State Acts

The Honorable Mayor and Board of Directors
City of Fort Smith, Arkansas
Fort Smith, Arkansas

We have examined management's assertions that the City of Fort Smith, Arkansas complied with the requirements of Arkansas Act 15 of 1985 and the following Arkansas statutes during the year ended December 31, 2014:

- (1) Arkansas Municipal Accounting Law of 1973, § 14-59-101 et seq.;
- (2) Arkansas District Courts and City Courts Accounting Law, § 16-10-210 et seq.;
- (3) Improvement contracts, §§ 22-9-202 – 22-9-204;
- (4) Budgets, purchases, and payments of claims, etc., § 14-58-201 et seq. and 14-58-301 et seq.;
- (5) Investment of public funds, § 19-1-501 et seq.; and
- (6) Deposit of public funds, §§ 19-8-101 – 19-8-107.

Management is responsible for the City's compliance with these requirements. Our responsibility is to express an opinion on the City's compliance based on our examination.

Our examination was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants and, accordingly, included examining, on a test basis, evidence about the City's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on the City's compliance with specified requirements.

In our opinion, the City of Fort Smith, Arkansas complied, in all material respects, with the aforementioned requirements for the year ended December 31, 2014.

This report is intended solely for the information and use of the Mayor, Board of Directors, management and the state of Arkansas and is not intended to be and should not be used by anyone other than these specified parties.
