Phil Christensen
Fire Chief

Memo

To: Carl Geffken, City Administrator
From: Phil Christensen, Fire Chief *PC*
RE: Purchase of Command Vehicles
Date: February 14, 2017

The fire department is requesting approval to purchase two (2) Chevy Tahoe, Battalion Chief Command Vehicles equipped with emergency lights, siren, and incident command support items. The purchase of the Chevy Tahoe vehicles would put our Battalion Chiefs in a vehicle that is better equipped for the duties required of a Battalion Chief incident Commander. We have received quotes from the local Chevrolet dealers, Orr Chevrolet and Rhodes Chevrolet, and provided the cost of the state contract for vehicles.

- Orr Chevrolet \$33,566 Each Vehicle
\$5,972.38 Lights, Siren, Equipment from aftermarket vendor
\$39,538.38 Total Price Each (lowest price with local vendor preference)
- Bale Chevrolet \$33,464 Each Vehicle
\$5,972.38 Lights, Siren, Equipment from aftermarket vendor
\$39,436.38 Total Price Each
- Rhodes Chevrolet \$36,476.01 Each Vehicle
No aftermarket vendor

With the recent snow in January, Battalion-1 vehicle was involved in an auto accident when a vehicle slid through an intersection striking the passenger side of Battalion-1. The Battalion-1 vehicle is currently being repaired at Randall Ford. Due to the damages of the Battalion-1 vehicle, the age of both battalion vehicles, and the type of vehicle needed, we feel it is time to update the emergency response vehicles of both battalions. Currently, the Battalion Chiefs are driving a 2008 F-250 (asset #131) and a 2009 F-250 (asset #100). These vehicles will be recycled as Training Division vehicles, and would replace a 1998 F-150 (asset #304) and 1996 GMC 1500 (asset #321)

During the 2017 budget reviews, it was approved by the Board of Directors for the fire department to purchase a Brush Truck at the estimated cost of \$160,000. We have since decided to take a different approach to the Brush Truck by utilizing local vendors and in-house construction resulting in a lowered cost. With a lowered cost, we can use accrued state funds for that purchase. Therefore, this will allow us to fund the purchasing of two (2) Battalion Chief vehicles at a total cost of \$79,076.76 from the departments Fire Apparatus Replacement Fund and will have no impact to the General Fund.

Let me know should you have any questions.
