

RESOLUTION NO. R-63-18

RESOLUTION ACCEPTING BID FOR THE PURCHASE OF A
FRONT LOAD REFUSE TRUCK

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE CITY
FORT SMITH, ARKANSAS, THAT:

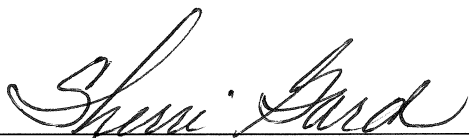

The bid, as indicated by enclosure for the purchase of a 40 yard front load
refuse truck from Shipley Motor Equipment for \$241,827, is accepted.

This Resolution adopted this 17th day of April, 2018.

APPROVED:

MAYOR

Interoffice Memorandum

TO: Carl Geffken, City Administrator
COPY TO: Jeff Dingman, Deputy City Administrator
FROM: Alie Bahsoon, Purchasing Manager *ABS*
SUBJECT: Purchase of Front Load Truck
DATE: April 11, 2018

Enclosed you will find the bid tabulation for the purchase of a water truck for use by the Commercial Collection Division of the Department of Sanitation.

As indicated in the enclosed memorandum from the Commercial Division Manager, Mr. Dustin Bradshaw, this truck will be replacing a 2003 Mack (Asset 49). This unit will be kept for spare parts and eventually sold in the city's auction.

Because of the capital equipment improvement plan recommendations by the Arcadis rate study in 2017, the Commercial Collection Division (Program 6303) budgeted \$250,000 for this purchase. The City is acquiring this truck from Shipley Motor Equipment of Fort Smith in the amount of \$241,827. Funding for the truck is coming out of the Sanitation's Sinking Fund planned purchases.

This purchase fulfills the purchasing obligations as mandated by both state and local purchasing requirements and pursuant to local vendor preference ordinance (Ord. 50-15) among municipal bidders, I am recommending the bid noted by enclosure on the attached bid tabulation is accepted and approved by the Board.

Please let me know if you should have any questions.

Subject: 2018 Budget – Request for Commercial Front Loader for Program 6303

Since 2005, we have instituted a vehicle replacement schedule in our Commercial Collections Division (Program 6303) requesting the replacement of one truck each year. For 2018, we are requesting to replace one of those trucks, a 2003 Mack front loader (Asset 49). With the purchase of this new collection vehicle, we'll be able to place Asset 247 on our spare or backup list and can use it whenever we have a main line truck that's inoperable. If we're able to complete this purchase, we can auction or otherwise sell Asset 49 as it is in poor condition and is no longer reliable.

Asset 49 currently has 231,431 miles and will require major repairs if it is left on the line including: walking beam bushing replacement, slides-pins-bushing replacement for packer system, electrical problems, patching of holes worn through the body, steering issues, front suspension issues, and weak hydraulics.

Please contact me should you have any questions or would like additional information regarding this request.
