

RESOLUTION NO. R-22-22

RESOLUTION ACCEPTING BID FOR THE PURCHASE OF A D8 DOZER FOR THE
FORT SMITH SANITARY LANDFILL

BE IT RESOLVED BY THE BOARD OF DIRECTORS OF THE CITY FORT SMITH, ARKANSAS, THAT:

The bid, as indicated by enclosure for the purchase of a D8T bulldozer from Riggs Caterpillar for \$837,350, is accepted.

This Resolution adopted this 15th day of February, 2022.

APPROVED:

MAYOR

ATTEST:

CITY CLERK

Approved as to form:

TO: Carl Geffken, City Administrator

COPY TO: Jeff Dingman, Deputy City Administrator

FROM: Alie Bahsoon, Purchasing Manager *AB*

SUBJECT: Purchase of D8T Bulldozer

DATE: February 9, 2022

Per Ordinance 93-05, the City is authorized to participate in the State Cooperative Purchasing program. This process has enabled the City to take advantage of other negotiated contracts that the State of Arkansas currently participates in. One of these contracts is Sourcewell, a national municipal contracting agency offering national contract purchasing solutions by facilitating and awarding national competitively bid contracts. Because of their contract, local governments nationwide are permitted to purchase through their cooperative purchasing program.

This is to certify that Riggs CAT of Fort Smith is a member of the Sourcewell cooperative consortium network and is the local distributor of Caterpillar bulldozers Contract No. 032119-CAT.

The attached resolution is to authorize the purchase of a D8T Track Type bulldozer for \$837,350. Funding for this bulldozer has been appropriated for in the 2022 Budget under the Sanitary Landfill Equipment Replacement Fund (11186065-531200).

Be advised that this resolution and purchase fulfills all of the purchasing obligations as mandated by both state and local purchasing requirements and I am therefore recommending that the enclosed resolution is approved.

Please let me know if you should have any questions.

MEMORANDUM

To: Jeff Dingman, Deputy City Administrator
From: Terry Rankin, Fleet and Grounds Maintenance Manager
Torrey Lougin, Landfill Manager
Date: January 27, 2022
Re: Heavy Equipment Purchases

In accordance with the 2022 Solid Waste Services Capital Improvement Plan, the Department of Solid Waste will be purchasing the following heavy equipment:

- Landfill D8 Dozer
- Landfill Haul Truck

The landfill D8 dozer will be a 2022 Cat D8T. This purchase will be made through Sourcewell. This will be an additional dozer to the existing landfill equipment. The current D8 will move to be a reserve dozer that will primarily be utilized in routine landfill cell maintenance and when the 2022 Cat dozer is being serviced or repaired. The Department is currently renting a John Deere 700 to temporarily serve in this capacity and it will eliminate the need to continue this agreement at a rate of \$42,492 every 6 months.

The landfill haul truck will be a 2022 John Deere 410E. This purchase will be made through Sourcewell. It will replace the 2016 Terex TA 400, asset 4038. The unit being replaced has 10,106 hours. Over the past 4 years we have spent \$281,645. This unit has had several major issues, such as transmission replacement, brake pistons leaking, and the fender, which houses the battery box and hydraulic tank, continues to break after the dealer has repaired it, modified it and repaired it again.

One (1) New Caterpillar Model: D8T Track Type Tractors with all standard equipment in addition to the additional specifications listed below:

Standard Equipment**POWERTRAIN**

C15 ACERT diesel engine with EUI
 -(Electronic Unit Injection)
 EPA/ARB Tier 4 Inteirim and EU Stage
 IIIB Certified Engine with
 aftertreatment
 24-volt electric start
 High performance single
 plane cooling system
 Aftercooler, air-to-air (ATAAC)
 Air filter, with electronic service
 indicator
 Coolant, extended life
 Fan, suction, hydraulically driven
 Fuel priming pump, electric
 Sound attenuated exhaust system
 Parking brake, electronic

Precleaner, strata-tube dust ejector
 Prescreener
 Shift management
 -Automatic directional and downshift
 -Controlled-throttle, load-compensated
 -Enhanced Autoshift
 Starting aid, automatic ether
 Torque divider
 Transmission, electronically-controlled
 -powershift, 3F/3R speed
 Four planet, double-reduction
 -planetary final drives
 Transmission control module, electronic
 Turbocharger
 Water separator

UNDERCARRIAGE

Rollers and idlers, lifetime lubricated
 Sprocket rim segments, replaceable
 Suspension-type undercarriage
 8-roller tubular track roller frame
 (Carrier roller ready)
 Track adjusters, hydraulic

Track guide
 24 inch (610 mm) PPR moderate service
 grouser with sealed and lubricated
 track (44 section)
 Two-piece master links

HYDRAULICS

Hydraulics, independent steering and
 work tool pumps
 Hydraulics, electronically controlled,

load-sensing dozer lift and tilt
 Electronically enabled quick drop valve

STARTERS, BATTERIES, & ALTERNATORS

Alternator, 150 amp
 Batteries, heavy duty

Starting receptacle, auxiliary

ELECTRICAL

Alarm, back-up
 Converter, 24V to 12V
