

**FEDERAL EMERGENCY MANAGEMENT AGENCY
NATIONAL FLOOD INSURANCE PROGRAM
APPLICATION AND PERMIT
TO DEVELOP IN A FLOOD HAZARD AREA
CITY OF FORT SMITH, ARKANSAS**

COMMUNITY NO. 055013

Application Number: _____

Date: _____

Legal Description and/or Address of Development Site: _____

TYPE OF DEVELOPMENT:

- _____ Subdivision
- _____ Mobile home park or mobile home subdivision
- _____ Residential structure
- _____ Non-residential structure
- _____ Mobile home structure
- _____ Alteration or relocation of watercourse
- _____ Non-structural activity (filling, dredging, mining, grading, paving, excavation, drilling operations, etc.)

Briefly describe the development. If additional space is needed, attach to form.

The Base Flood Elevation at the development site is _____ feet above MSL (Mean Sea Level).

Is the proposed development site in a FLOODWAY? YES _____ NO _____

If YES, the Consulting Engineer to provide the City of Fort Smith Engineering Department all required information necessary to determine no increase in the base flood elevation.

The elevation of the lowest floor (including basement) of the proposed structure will be at an elevation of _____* above MSL. Elevation Certificate required upon completion of structure.

The elevation of floodproofing of the proposed structure will be at an elevation of _____* above MSL. Attach working drawings and specifications. Floodproofing Certificate required upon completion of structure.

The above requirements for the proposed development and all provisions of community ordinances will be complied with. The development plans submitted shall be drawn to scale showing the location, dimensions and elevation of proposed landscape alterations, existing and proposed structures, and the location of the foregoing in relation to areas of special flood hazard will be reviewed and approved by the City of Fort Smith Engineering Department. Additionally, if the approved development is located within or near a floodway, a registered land surveyor will stake the floodway boundary prior to development.
